

HEALTH SERVICES

at the IVC Student Health Center

Student Health Services recognizes that wellness is essential to academic success. We strive to promote services and health education programming designed to prevent and resolve health problems. These services and program include:

- Wellness Screenings & Health Fairs
- Referral for health services
- Basic First Aid during hours of operation
- Immunizations
- Physicals for students participating in IVC approved programs (not sports physicals)
- Reproductive Healthcare for Men & Women
- Health Education Program
- Weight Control
- Lactation Room & Breastfeeding Resources
- Over-the-counter medications for pain, allergies, diarrhea, minor cuts, wounds and eye wash

Please see reverse for information about personal counseling services.
