Class Rules: Related to Deaf Culture. The Deaf Community Cherish Information Exchange
1. Maintain Eye Contact.
2. No phones, No Text messaging.
3. Disruptive behavior will not be tolerated.
4. Ask instructor to repeat when you don’t understand.
5. Inform instructor when leaving the room leaving early.
6. Apologize and give reason for coming late using sign language (after 5 min.)

Teaching Strategy:
New vocabulary and class activities are introduced using a “No-Voice” approach (the Functional-Notional Approach). Students are encouraged to ask for clarification, questions and any comments using sign language, mime and gestures. The instructor needs to know what you don’t understand so that he can repeat and review so that everyone understands. Don’t say answers out loud. Each student must learn to read and understand the signs. When the test comes they will not understand because they were relying on someone else to tell them the answer. Talking is strictly prohibited during the test and it will result in a zero on the test.
