Tina Aguilar
Edward Cesna

Recorder:
Cheryl Waddell

Call to Order
The Technology Council meeting was called to order at 1:40 PM by Dr. Ying, Co-Chair.

Visitors’ Comments
None.

Review and Approval of Meeting Minutes
M/S/C.
**Action Items**

1. Computer and Network Use Policy

**Status Reports**

1. Desktop and laptop hardware standards for 08-09:
   Dr. Ying stated that based on Dr. Gould’s instruction, all computer hardware orders need to be placed centrally by IT. Dr. Ying passed out information on the quotes from Lenovo. Martha Olea asked about buying from Gateway, Dr. Ying stated that since Gateway was purchased by MPC, they have not shipped our orders in time, and that has resulted in several cancelled orders. It is better that we move away from Gateway to a more stable and larger manufacturer. Also Lenovo will support us with both the Vista and XP. At the moment because Banner does not work properly on Vista, we will continue to use XP. When the problem gets resolved in the future, we could reload Vista on the same hardware. Kathie Westerfield made a motion to buy from Lenovo, Larry Valenzuela seconded it. The motion was passed.

2. Technology Master Plan:
   Dr. Ying and David Zielinski are actively working on the final draft of the Technology Master Plan. It must be submitted to the Accreditation Steering Committee by 9/19.

**Discussion Items**

1. Student email implementation:
   Dr. Ying stated that the actual implementation is not a problem; the issue is at whether it will be effective. Kathie Westerfield stated that Paloma College has rescinded their student email because the students do not read them. Michael Boyle asked if our network could support another 6,000 accounts. Dr. Ying responded that email support is mainly at the email server, very little impact to the network.

**Adjournment**

The meeting was adjourned at 2:45pm.

**Next Meeting**

The next Technology Council meeting is scheduled for Thursday, November 06, 2008 at 1:30pm.
