Using Etudes to Enhance Your Face-to-Face Classes

Room: 801

Presenters: Mary Jo Wainwright and Andres Martinez

Workshop will cover ways to use Etudes to enhance face to face classes. Participants will see examples of possible uses of Etudes, learn tips for how to implement web enhancement of courses and discuss best practices with their colleagues.

Advanced Etudes: Tips & Tricks

Room: 803

Presenters: Deirdre Rowley, Allyn Leon, and David Zielinski

This workshop is designed for current users of Etudes and will focus on the most recent additions to the CMS, including Course Map, Activity Meter, and using Groups.

10:30-10:45 AM

Morning Break

Room: Faculty Lounge

Session 2: 10:45 AM-12:15 PM

Turnitin.com: Anti-Plagiarism and Grade Mark

Room: 801

Presenters: Kathleen Dorantes and Deirdre Rowley

This workshop will present an overview of both the anti-plagiarism tools in Turnitin.com as well as the grading features. Attendees will get a chance to set up accounts and play around with the various options available.

Contextualized Learning and Paired Classes

Room: 803

Presenters: Brian McNeece and Angie Ruiz

This session will summarize IVC's recent experience with Contextualized Learning and Paired Classes and invite participants to create contextualized lessons of their own or plan for a pairing a lesson (or entire class) with another instructor.

12:15-1:15 PM

Lunch

Room: Faculty Lounge

Session 3: 1:15-2:45 PM

Digital Imaging Basics

Room: 801

Presenter: Andres Martinez

This workshop will provide information on cropping and resizing images for classroom use, how to choose between formats, how to search for specific images, how to perform quick and easy enhancements to images, all using hands-on, interactive demonstrations.

Improving Student Engagement

Room: 803

Moderators: Brian McNeece, Michael Heumann, and Bruce Seivertson

This workshop will provide a chance for faculty in disparate areas to come together to explore ways to overcome the lack of student engagement in classes. We will brainstorm problems and offer hands-on demonstration of potential ways to make your classes more interactive and more student-driven.

2:45-3 PM

Afternoon Break

Room: Faculty Lounge

Session 4: 3-4:30 PM

Getting the Most Out of Smart Classrooms

Room: 2700 building

Presenters: TBA

This workshop will provide faculty with hands-on instruction in using the various tools available to us in the many smart classrooms on campus. You will have a chance to try out the document camera, plugging laptops into the podiums, using the BlueRay/DVD players, and many others. If you plan to attend this workshop, we encourage you to bring your laptop or other classroom equipment with you so you can try it out for yourself.

4:30-5 PM
