### Division Chairs

Attached is an updated FTES file. We reviewed the classes you submitted and 'zeroed-out' some of them to reach the high goal of ~400 FTES for Winter.

The reductions were based on the student needs considering the following

- Basic Skills Institute (I understand there may be a couple of extra ESL courses for this institute)
- Core Courses necessary to transfer; e.g. eng 101, math 90, soc 102, etc
- Courses necessary for completing a program; AHP 74 must do their externship in winter

I will consider any changes case by case

Thank you for your help

Tina Aguirre
