Trustee Galindo wanted the following on record, “There is information here that I am not familiar with. This is not a hearing but I’m very troubled by not being able to hear what counsel has in the back saying and the information that Mr. Romero is saying. A motion was made by Trustee Cardenas with a second motion by Trustee Medina.

Trustee Galindo wanted the following on record, “Would like to stress that not sufficient information was presented on this issue. This is a serious issue. INFORMATION REPORTS

RN Presentation – Tina Aguirre
Associate Dean of Nursing Aguirre started with a YouTube Presentation titled *IVC Nursing Class of 2008*.

Associate Dean Aguirre stated there were 13 licensed vocational nurses that graduated this semester and over 30 registered nurses that passed. She stated she is aware of ‘pass rates’ dipping in the recent past and has met with the instructors. She stated the department has contacted a consultant that has begun a review of the curriculum and is helping to find reasons for the dip. She stated the department will be looking at all the factors involved.

Board President Acuña asked if the degree of difficulty in the exams has changed.

Associate Dean Aguirre stated the exam changed in 2008.

Trustee Galindo questioned whether the IVC nursing program maintained a line of communication open and offered seminars to the students who fail the test.

Associate Dean Aguirre stated the LVN board will not share names; however, IVC has maintained a list and attempts to maintain a line of communication with the students. She stated the RN board does share names with the District. She stated that when a student fails it is often demoralizing to them and the student sometimes withdraws from the faculty. She stated that faculty, counselors, and staff are available to guide and help them at the Nursing Student Learning Center.

Trustee Galindo asked if there was a correlation between the non passing rates and the amount of time the students take in taking the board exams after graduation. Associate Dean Aguirre stated there was a correlation and stated she found that if students wait four months after classes, they have a 50/50 chance in passing. Vice President Berry added that the pattern is true of all nursing program if the students wait four months or longer.

Trustee Galindo asked the cost of the exam. VP for Academic Services Berry stated the exam was $300 and a student can take it four times.

Trustee Hart announced that he attended both nursing ceremonies and both were impressive. He stated the LVN ceremony was emotional as a nursing student passed away. He stated it was a touching event.

President Gould asked for a Point of Personal Privilege to move Resolution No. 14259 forward as Nielsen Construction representatives were in the audience waiting for the resolution and then had to go back to San Diego and the weather had caused the freeway to be closed earlier.

Fiscal Impact: Contract in the amount of $1,249,000 to be paid from Measure L Bond Funds.

4. Smoking shall be prohibited at all times in all vehicle on campus.

5. The smoking prohibition applies to passenger vehicles and all other state-owned mobile equipment to include light and heavy trucks, cargo and passenger vans, buses, and any other mobile equipment with an enclosed or enclosable driver/passenger compartment.

Resolution No. 14269: Memorandum of Understanding between the Imperial Community College District (District) and the Imperial Valley College Chapter of the Community College Association/California Teachers Association/National Education Association (Association)

WHEREAS, this Memorandum of Understanding is entered into between the Imperial Community College District (District) and the Imperial Valley College Chapter of the Community College Association/California Teachers Association/National Education Association (Association);

THEREFORE, BE IT RESOLVED that the Board approves the following MOU:

Tentative Agreement
Memorandum of Understanding

The following changes to the Agreement between the Imperial Community College District and the Imperial Valley College Chapter of the Community College Association/California Teachers Association/National Education Association for the Academic Years 2008-09 are hereby agreed to by the Association and the District:

1. Workload: Effective beginning with the 2008-09 Academic Year and extending for the remainder of the life of the existing agreement:

   a. The following words [in bold] shall be added to Article 15.1 Primary Workload Function:

   15.1 Primary Workload Function

   The workload for members of the bargaining unit shall include the primary functions of teaching, counseling, or serving as a librarian. In addition, the workload may include, but not be limited to, a reasonable amount of these allied professional responsibilities: preparation for classroom activities; evaluating student performance including test and/or paper correcting and grading; developing, assessing, and evaluating student learning outcomes, holding office and appointment hours; serving on college standing, planning, and/or advisory committees; developing new courses or programs; maintenance and revision of existing course outlines and materials, participating in college, departmental, or division meetings; participating in program review, accreditation and any assessment and planning activities required for the successful continuing operation of the college; sponsoring student clubs and activities; helping to plan and approve students’ programs; and the timely and accurate submission of all required college registration documentation and final grades.
b. The following paragraphs [in bold] are to be added to Article 15.3 Normal Work Load – Teaching Faculty:

**15.3.1 Contract Load**
The normal contract load of a teaching faculty member shall be fifteen (15) lecture units, or the equivalent, per semester, which may be spread over a four (4) or five (5) day per week schedule.

All schedules must meet the educational needs of the students of Imperial Valley College, and are subject to the approval of the Superintendent/President. The District and unit members agree that they shall work collegially, using policies and procedures established within their departments and divisions, to establish schedules which best meet the needs of the District, the students, and the unit members and in accordance with the provisions of section 15.5 below.

Teaching faculty members are expected to complete the allied professional duties as expressed in article 15.1 during the times when they are not teaching. As professional employees the expectation is that these duties will be completed in a timely manner using the amount of time required for their successful completion rather than by following a strict hourly work schedule, and at times and locations necessary for or conducive to the duties’ successful completion.

During the Fall and Spring semesters of the academic year, allied professional duties may be completed at any time during the calendar week without expectation of additional compensation, with the exception that no faculty member shall be required by the District to work more than five days in any given calendar week without additional compensation for a required sixth workday. This does not preclude any faculty member from voluntarily participating in activities, or working independently on allied professional duties, during the sixth or seventh day of the calendar week with no expectation of additional compensation.

c. Article 15.4 Office and Appointment Hours is modified as follows, deleting the requirement for office by appointment hours:

During the fall and spring semesters, members of the unit who are teaching faculty are required to establish five (5) hours per week, where each hour consists of sixty (60) minutes, that shall be set aside as scheduled, maintained, office hours at which times the instructor is available to students for consultation on a walk-in basis. Scheduled office hours must be spread over at least four (4) days per week.

Teaching faculty are required to establish an additional ten (10) hours per week as office by appointment hours, where each hour consists of 60 minutes, that will be made available for student appointments. Students should be informed that appointments must be scheduled with a minimum of twenty-four (24) hours notice, exclusive of weekends and holidays. Scheduled appointment hours must be spread over at least four (4) days per week. Faculty members are not required to be on campus or in their offices for appointment hours during which no appointments have been scheduled. Unit members may utilize appointment hours during which no student meetings are scheduled to complete allied professional duties.

The unit member should establish office and appointment hours no later than the start of the second week of instruction during the fall and spring semesters. A copy of the teaching faculty member’s schedule, including course times and locations and office and appointment hours should be posted on or near his/her office door. In addition, a copy of the schedule should be forwarded to the appropriate dean or division chairperson, and to the office of the Vice President of Academic Services.
In the event it is necessary to make long-term or permanent changes in scheduled office or appointment hours at any time during the semester, the instructor shall make corrections on the posted schedule and notify in writing the appropriate division chairperson and the Vice President for Academic Services. The instructor shall post temporary changes of short duration on the posted schedule, and the division secretary shall be notified.

Any other references to appointment hours that exist within the agreement shall also be assumed by this memorandum to be stricken.

WHEREAS, the District and the Association agree that for the 2008-09 Academic Year the Industrial Technology Division will have a unit member designated as Division Chair; and

WHEREAS, the District and the Association agree that the Industrial Technology Division Chair will have the same rights, duties, and obligations as all other faculty members designated as Division Chairs; and

WHEREAS, Article 15.3.3 of the Agreement identifies the workload for Division Chairs; and

WHEREAS, Article 17.13.1 of the Agreement identifies the Lecture Reassigned Time for Division Chairs; and

WHEREAS, as per the above referenced articles, the Division Chair serves as a 199 day faculty member, rather than as a 177 day faculty member;

NOW, THEREFORE, it is agreed as follows:

1. Unit member Jose Lopez shall serve as the Division Chair for the Industrial Technology division commencing on October 27, 2008 and ending on June 30, 2009; and

2. Jose Lopez shall be granted the full 12 hours of contract reassigned time for the above named period, and shall be compensated for overload teaching hours, if any, recalculated based upon the new level of contract reassigned time beginning on October 27, 2008 and as per the above reference articles; and

3. As Jose Lopez will be serving as Division Chair for 8 months rather than for the full 12 months as is standard, he shall be required to provide an additional 15 days of service beyond the fall and spring semesters rather than the full 22 days.

NOW, THEREFORE, BE IT RESOLVED that the Superintendent/President recommends approval of an MOU entered into between CTA and the District reclassifying Jose Lopez as the Industrial Technology Division Chair for the 2008-09 Academic Year.
