

Federal Work-Study Student Handbook 2025-2026

Financial Aid Office
Building 1700

A. Introduction

The Federal Work-Study (FWS) Program provides part-time jobs to eligible students with financial need. The program is intended to be a learning experience, benefiting the student's educational goal, and enhancing future employment opportunities. FWS is a highly desirable type of aid and funds are limited; therefore, students must complete the financial aid process and qualify before working in any FWS position.

Student wages are funded through a combination of federal funds and employers that are paid monthly through Imperial Valley College. There is no guarantee that a student will be able to get a job or earn the full amount of their award before the IVC allocation for FWS funds is spent. Work-study earnings are a supplemental part of the financial aid package meant to meet education expenses; students should not anticipate that work-study earnings will be sufficient to be the sole source of income and should budget accordingly.

B. Requirements for Employment

Students must maintain continuous enrollment in 6 units of required coursework. If you drop to less than half-time, you are no longer eligible.

Work-Study students are also required to maintain good student conduct and are subject to termination if sanctioned.

C. Employment Period

Fall 2025: August 4, 2025, thru December 12, 2025

Spring 2026: January 2, 2026, thru June 12, 2026

There is no Federal Work-Study during the summer.

D. Student Responsibilities & Job Expectations

Students, as well as supervisors, are responsible for monitoring hours worked. It is your responsibility to keep track of ensuring that you do not exceed hours allotted.

Students are expected to:

- Report to work promptly when scheduled.
- Notify the supervisor as soon as possible when they will be late or unable to work.
- Dress appropriately for your work location.

- Refrain from conducting personal business on the job.
- Adhere to the confidentiality of the job and the department.

Work-Study students are subject to the same performance, discipline, and termination standards as any other employee. Being a WS student does not afford special privileges or protection.

E. FWS Work Hours & Breaks

Per federal regulation, students may not be scheduled to work during their class time or exam periods; please provide your supervisor a class schedule each semester. Any exception, such as a class cancellation or early dismissal, must be documented.

- FWS students cannot work more than 15 hours per week or over 8 hours in a day. Exceptions must be approved by a WS Coordinator in advance.
- FWS cannot work holidays or weekends unless previously approved by WS Coordinator
- FWS students scheduled to work 4 to 5 hours must take a 15-minute break.
- If scheduled for 6 or 7 hours, students must take a minimum 30-minute lunch.

It is the student's responsibility to keep track of the actual hours worked, including time in and time out. Time must be tracked on a Work-Study Timecard, one is available on the financial aid website. Please note that the Work-Study Timecard **does not** replace the Electronic Timesheet on WebSTAR which is used to report hours worked for payroll purposes.

F. Timesheets

All timesheets must be approved as directed by HR each month for hours worked from the 11th of the previous month to the 10th of the current month. When completing timesheets, round off to the nearest $\frac{1}{4}$ of an hour. (e.g. 15 minutes = 0.25; 30 minutes = 0.5; 45 minutes = 0.75)

Students and supervisors are responsible for submitting timesheets on time. Failure to submit timesheets in a timely manner may result in disciplinary action and/or termination. Any late timesheets will **NOT** be processed in the normal scheduled payroll but will be processed with the following month's payroll process. WS payments will be sent via direct deposit or mailed to the student's mailing address on the last working day of each month.

G. Sick Leave

Work-Study students are eligible to accrue sick leave in accordance with California AB 1522.

Students who work more than 30 days can earn sick leave. Sick leave is earned at the rate of 1 hour for every 30 hours worked; a limit of 48 hours total may be accrued and a maximum of 24 hours of sick leave may be used per fiscal year. Unused sick leave rolls over into the next year. Sick leave is not paid out upon the end of employment; however, upon reemployment within 12 months the previous unused sick leave balance may be reinstated.

Sick leave may only be used on or after the 90th day of employment. Sick leave may be used for the diagnosis, care or treatment of an existing condition or preventative care for the student or a family member. Student workers must provide the supervisor with reasonable advance notice when using sick leave unless the event is unforeseeable, when then the student must provide notice "as soon as practical". Sick leave hours must be reported on the Electronic Time Sheet. Federal Work-Study funds may not be used to pay sick leave hours; the district/employer incurs the cost.

H. Termination of Work

A supervisor has the right to terminate a student's employment with just cause. Grounds for disciplinary action include, but are not limited to:

- Poor performance
- Tardiness
- Absenteeism
- Failure to meet job requirements as listed in job description.
- Inappropriate behavior such as excessive cell phone usage and visits from friends during work hours

If disciplinary problems arise, the supervisor will:

Strike 1: Give the student a verbal warning, stating exactly what the unacceptable behavior was and what needs to be done to correct the problem.

Strike 2: Give the student a written warning of what the unacceptable behavior was and what needs to be done to correct the problem.

Strike 3: Give the student a written notification of termination stating the reasons why this action has been taken.
