Plan Document and Summary Plan Description
INTRODUCTION AND PURPOSE; GENERAL PLAN INFORMATION

Introduction and Purpose
The Plan Sponsor has established the Plan for the benefit of eligible Employees, in accordance with the terms and conditions described herein. Plan benefits are self-funded through a benefit fund or a trust established by the Plan Sponsor and self-funded with contributions from Participants and/or the Plan Sponsor, or are funded solely from the general assets of the Plan Sponsor. The Plan’s benefits and administration expenses are paid directly from the Employer’s general assets. Participants in the Plan may be required to contribute toward their benefits. Contributions received from Participants are used to cover Plan costs and are expended immediately.

The Plan Sponsor’s purpose in establishing the Plan is to help offset, for eligible Employees, the economic effects arising from a Non-occupational Injury or Sickness. To accomplish this purpose, the Plan Sponsor must be cognizant of the necessity of containing health care costs through effective plan design, and of abiding by the terms of the Plan Document, to allow the Plan Sponsor to allocate the resources available to help those individuals participating in the Plan to the maximum feasible extent.

The purpose of this Plan Document is to set forth the terms and provisions of the Plan that provide for the payment or reimbursement of all or a portion of certain expenses for medical and prescription drug benefits. The Plan Document is maintained by the Imperial County Schools Voluntary Employees Benefits Association (ICSVEBA) and may be inspected at any time during normal working hours by any Participant.

In addition, a National Medical Support Notice shall be deemed a QMCSO if it:

1. Contains the information set forth above in the definition of “National Medical Support Notice”;  
2. Identifies either the specific type of coverage or all available group health coverage. If the Employer receives an NMSN that does not designate either specific type(s) of coverage or all available coverage, the Employer and the Plan Administrator will assume that all are designated;  
3. Informs the Plan Administrator that, if a group health plan has multiple options and the participant is not enrolled, the issuing agency will make a selection after the NMSN is qualified, and, if the agency does not respond within twenty (20) days, the Child will be enrolled under the Plan’s default option (if any); and  
4. Specifies that the period of coverage may end for the Alternate Recipient(s) only when similarly situated Dependents are no longer eligible for coverage under the terms of the Plan, or upon the occurrence of certain specified events.

However, such an order need not be recognized as “qualified” if it requires the Plan to provide any type or form of benefit, or any option, not otherwise provided to the Participants and Eligible Participants without regard to this section, except to the extent necessary to meet the requirements of a State law relating to Medical Child Support Orders, as described in Social Security Act §1908 (as added by Omnibus Budget Reconciliation Act of 1993 §13822).
Upon receiving a Medical Child Support Order, the Plan Administrator shall, as soon as administratively possible:

1. Notify the Participant and each Alternate Recipient covered by the Order (at the address included in the Order) in writing of the receipt of such Order and the Plan’s procedures for determining whether the Order qualifies as a QMCSO; and
2. Make an administrative determination if the order is a QMCSO and notify the Participant and each affected Alternate Recipient of such determination.

Upon receiving a National Medical Support Notice, the Plan Administrator shall:

1. Notify the State agency issuing the notice with respect to the Child whether coverage of the Child is available under the terms of the Plan and, if so:
   a. Whether the Child is covered under the Plan; and
   b. Either the effective date of the coverage or, if necessary, any steps to be taken by the custodial parent or by the official of a State or political subdivision to effectuate the coverage; and
2. Provide to the custodial parent (or any State official serving in a substitute capacity) a description of the coverage available and any forms or documents necessary to effectuate such coverage.

To give effect to this requirement, the Plan Administrator shall:

1. Establish reasonable, written procedures for determining the qualified status of a Medical Child Support Order or National Medical Support Notice; and
2. Permit any Alternate Recipient to designate a representative for receipt of copies of the notices that are sent to the Alternate Recipient with respect to the Order.

**Proof of Creditable Coverage**

A Participant may prove Creditable Coverage by either of two (2) methods:

1. For Creditable Coverage effective on or after July 1, 1996, the Participant may present a written Certificate of Coverage from the source or entity that provided the coverage showing:
   a. The date the Certificate was issued;
   b. The name of the group health plan that provided the coverage;
   c. The name of the Participant or Dependent to whom the Certificate applies;
   d. The name, address, and telephone number of the plan administrator or issuer providing the Certificate;
   e. A telephone number for further information (if different);
   f. Either:
      i. A statement that the Participant or Dependent has at least eighteen (18) months (five hundred and forty-six (546) days) of Creditable Coverage, not counting days of coverage before a Significant Break in Coverage; or
      ii. The date any waiting period (and affiliation period, if applicable) began and the date Creditable Coverage began; and
   g. The date Creditable Coverage ended, unless the Certificate indicates that coverage is continuing as of the date of the Certificate; or
2. If the Participant for any reason is unable to obtain a Certificate from another plan (including because the Creditable Coverage was effective prior to July 1, 1996), he or she may demonstrate Creditable Coverage by other evidence, including but not limited to documents, records, third party statements, or telephone calls by this Plan to a third party Provider. This Plan will treat a Participant as having provided a Certificate if that individual:
   a. Attests to the period of Creditable Coverage;
   b. Presents relevant corroborating evidence of some Creditable Coverage during the period; and
c. Cooperates with the Plan Administrator’s efforts to verify his or her status.

A Participant has the right to request a Certificate from his or her prior health plan, and the Plan Administrator will help the Participant in obtaining the Certificate.

**Genetic Information Nondiscrimination Act (“GINA”)**

“GINA” prohibits group health plans, issuers of individual health care policies, and Employers from discriminating on the basis of genetic information.

The term “genetic information” means, with respect to any individual, information about:

1. Such individual’s genetic tests;
2. The genetic tests of family members of such individual; and
3. The manifestation of a Disease or disorder in family members of such individual.

The term “genetic information” includes participating in clinical research involving genetic services. Genetic tests would include analysis of human DNA, RNA, chromosomes, proteins, or metabolite that detect genotypes, mutations, or chromosomal changes. Genetic information is a form of Protected Health Information (PHI) as defined by and in accordance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA), and is subject to applicable Privacy and Security Standards.

Family members as it relates to GINA include Dependents, plus all relatives to the fourth degree, without regard to whether they are related by blood, marriage, or adoption. Underwriting as it relates to GINA includes any rules for determining eligibility, computing premiums or contributions, and applying preexisting conditions. Offering reduced premiums or other rewards for providing genetic information would be impermissible underwriting.

GINA will not prohibit a health care Provider who is treating an individual from requesting that the patient undergo genetic testing. The rules permit the Plan to obtain genetic test results and use them to make claims payment determinations when it is necessary to do so to determine whether the treatment provided to the patient was medically advisable and/or necessary.

The Plan may request, but not require, genetic testing in certain very limited circumstances involving research, so long as the results are not used for underwriting, and then only with written notice to the individual that participation is voluntary and will not affect eligibility for benefits, premiums or contributions. In addition, the Plan will notify and describe its activity to the Health and Human Services secretary of its activities falling within this exception.

While the Plan may collect genetic information after initial enrollment, it may not do so in connection with any annual renewal process where the collection of information affects subsequent enrollment. The Plan will not adjust premiums or increase group contributions based upon genetic information, request or require genetic testing or collect genetic information either prior to or in connection with enrollment or for underwriting purposes.
SUMMARY OF BENEFITS

General Limits
Payment for any of the expenses listed below is subject to all Plan exclusions, limitations and provisions. All coverage figures are after the out of pocket Deductible has been satisfied. Benefits for Pregnancy expenses, which are covered for Employee and Spouse only, are paid the same as any other Sickness.

Failure to comply with Utilization Management will result in a higher cost to Participants. "Utilization Management" includes Hospital pre-admission certification, continued stay review, length of stay determination and discharge planning. These programs are designed to ensure that Medically Necessary, high quality patient care is provided and enables maximum benefits under the Plan.

Services that Require Pre-Certification or Notification
The following services will require pre-certification (or reimbursement from the Plan may be reduced):

1. Inpatient Hospitalization;
2. Transplant Candidacy Evaluation and Transplant (organ and/or tissue);
3. Home Health Services;
4. Durable Medical Equipment (rental greater than 2 months, or purchase in excess of $2,000 billed per date of service);
5. Skilled Nursing Facility stays;
6. Infusion Services;
7. Prescription Specialty Drugs;
8. Inpatient Hospice; and

Remember that although the Plan will automatically pre-authorize a maternity length of stay that is forty-eight (48) hours or less for a vaginal delivery or ninety-six (96) hours for a cesarean delivery, it is important to have your Physician call to obtain pre-certification in case there is a need to have a longer stay.

Pre-Certification or Notification Procedures and Contact Information
The Inpatient Utilization Management Service is simple and easy for Participants to use. Whenever a Participant is advised that Inpatient Hospital care is needed, it is the Participant’s responsibility to call the pre-certification department at its toll free number, which is 800-274-7767. The review process will continue, as outlined below, until the Participant is discharged from the Hospital. Pre-certification is not required for Inpatient admission to skilled nursing facilities, convalescent or rehabilitation facilities unless otherwise stated in this document.

Urgent Care or Emergency Admissions:
If a Participant needs medical care for a condition which could seriously jeopardize his or her life, obtain such care without delay, and communicate with the Plan as soon as reasonably possible.

If a Participant must be admitted on an Emergency basis, the Participant should follow the Physician’s instructions carefully and contact the pre-certification department as follows:

1. For Emergency admissions after business hours on Friday, on a weekend or over a holiday weekend, a call to the pre-certification department must be made within seventy-two (72) hours after the admission date, but no later than the first business day following the Emergency admission, by or on behalf of the covered patient; and
2. For Emergency admissions on a weekday, a call to the pre-certification department must be made within twenty-four (24) hours after the admission date.

The Plan does not require the Participant to obtain approval of a medical service prior to getting treatment for an urgent care or Emergency situation, so there are no “Pre-service Urgent Care Claims” under the
Plan. The Participant simply follows the Plan’s procedures with respect to any notice which may be required after receipt of treatment, and files the claim as a Post-service Claim.

Non-Emergency Admissions:
For Inpatient Hospital stays that are scheduled in advance, a call to the pre-certification department should be completed as soon as possible before actual services are rendered. Once the pre-certification call is received, it will be routed to an appropriate review specialist who will create an on-line patient file. The review specialist will contact the Participant’s attending Physician to obtain information and to discuss the specifics of the admission request. A system that features widely accepted clinical review criteria is used to effectively guide the review process. If appropriate, alternative care will be explored with the Physician.

If, after assessing procedure necessity, the need for an Inpatient confinement is confirmed, the review specialist will determine the intensity of management required and will remain in contact with the Physician or Hospital during the confinement.

If, at any time during the review process, Medical Necessity cannot be validated, the review specialist will refer the episode to a board certified Physician advisor who will immediately contact the attending Physician to negotiate an appropriate treatment plan. At the end of the Hospital confinement, the review specialist is also available to assist with discharge planning and will work closely with the attending Physician and Hospital to ensure that medically appropriate arrangements are made.

The pre-certification department hours of operations are 7:30 a.m. to 5:00 p.m. On weekends and evenings, the Participant can call 800-274-7767, and leave a message.

Pre-Certification Penalty
The program requires the support and cooperation of each Participant. If a Participant follows the instructions and procedures, he or she will receive the normal Plan benefits for the services. However, if a Participant fails to notify pre-certification department of any Inpatient Hospital stay as required in the section entitled “Pre-Certification or Notification Procedures and Contact Information,” allowed charges will be reduced by 20% (to a maximum of $0) for Room and Board, Hospital miscellaneous services, and any other charges related to that confinement which are billed by the Hospital. The Participant will be responsible for payment of the part of the charge that is not paid by the Plan.

Network and Non-Network Provider Arrangement OR Scheduled Benefit Plan
The Plan contracts with the medical Provider Networks to access discounted fees for service for Participants. Hospitals, Physicians and other Providers who have contracted with the medical Provider Networks are called “Network Providers.” Those who have not contracted with the Networks are referred to in this Plan as “Non-Network Providers.” This arrangement results in the following benefits to Participants:

1. The Plan provides different levels of benefits based on whether the Provider Participants use is a Network or Non-Network Provider. Unless one of the exceptions shown below applies, if a Participant elects to receive medical care from the Non-Network Provider, the benefits payable are generally lower than those payable when a Network Provider is used. The following exceptions apply:

   a. The Network Provider level of benefits is payable for any Participant who cannot access Network Providers because they reside outside the Network service area. The Network service area is defined as 50 miles radius of a covered person’s residence, or if a covered person requires services that are only available from an out-of-network provider, then such out-of-network care will be covered at the network benefit levels; and

   b. The Network Provider level of benefits is payable when a Participant receives Emergency care either Out of Area or at a Non-Network Hospital for an Accidental Bodily Injury or Emergency.
Please note affirmation that a treatment, service, or supply is of a type compensable by the Plan is not a guarantee that the particular treatment, service, or supply in question, upon receipt of a Clean Claim and review by the Plan Administrator, will be eligible for payment.

**Choice of Providers**
The Plan is not intended to disturb the Physician-patient relationship. Each Participant has a free choice of any Physician or surgeon, and the Physician-patient relationship shall be maintained. Physicians and other healthcare Providers are not agents or delegates of the Plan Sponsor, Plan Administrator, Employer or Contract Administrator. The delivery of medical and other healthcare services on behalf of any Participant remains the sole prerogative and responsibility of the attending Physician or other healthcare Provider. The Participant, together with his or her Physician, is ultimately responsible for determining the appropriate course of medical treatment, regardless of whether the Plan will pay for all or a portion of the cost of such care.

**Preferred Provider Information**
This Plan contains provisions under which a Participant may receive more benefits by using certain Providers. These Providers are individuals and entities that have contracted with the Plan to provide services to Participants at pre-negotiated rates. The PPO Network Providers are merely independent contractors; neither the Plan nor the Plan Administrator make any warranty as to the quality of care that may be rendered by any PPO Network Provider.

A current list of PPO Providers is available, without charge, through the Contract Administrator’s website (located at [www.deltahealthsystems.com](http://www.deltahealthsystems.com)). If you do not have access to a computer at your home, you may access this website at your place of employment. If you have any questions about how to do this, contact the Human Relations Department. The PPO Network Provider list changes frequently; therefore, it is recommended that a Participant verify with the Provider that the Provider is still a PPO Network Provider before receiving services. Please refer to the Participant identification card for the PPO website address.

**Claims Audit**
In addition to the Plan’s Medical Record Review process, the Plan Administrator may use its discretionary authority to utilize an independent bill review and/or claim audit program or service for a complete claim. While every claim may not be subject to a bill review or audit, the Plan Administrator has the sole discretionary authority for selection of claims subject to review or audit.

The analysis will be employed to identify charges billed in error and/or charges that are not Usual and Customary and/or Medically Necessary and Reasonable, if any, and may include a patient medical billing records review and/or audit of the patient’s medical charts and records.

Upon completion of an analysis, a report will be submitted to the Plan Administrator or its agent to identify the charges deemed in excess of the Usual and Customary and Reasonable amounts or other applicable provisions, as outlined in this Plan Document.

Despite the existence of any agreement to the contrary, the Plan Administrator has the discretionary authority to reduce any charge to a Usual and Customary and Reasonable charge, in accord with the terms of this Plan Document.

Participating pharmacies ("Participating Pharmacies") have contracted with the Plan to charge Participants reduced fees for covered Drugs. Express-Scripts is the administrator of the prescription Drug plan. Participants will be issued an identification card to use at the pharmacy at time of purchase. Participants will be held fully responsible for the consequences of any pharmacy identification card after termination of coverage. No reimbursement will be made when a Drug is purchased from a non-Participating Pharmacy or when the identification card is not used.

The Mail Order Option is available for maintenance medications (those that are taken for long periods of time, such as Drugs sometimes prescribed for heart Disease, high blood pressure, asthma, etc.). The new Federal law requires group health plans that provide Mastectomy coverage to also cover breast reconstruction Surgery and prostheses following Mastectomy.

As required by law, you are being provided this notice to inform you about these provisions. The law mandates that individuals receiving benefits for a Medically Necessary Mastectomy will also receive coverage for:

   a. Reconstruction of the breast on which the Mastectomy has been performed;
   b. Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
   c. Prostheses and physical complications from all stages of Mastectomy, including lymphedemas;

in a manner determined in consultation with the attending Physician and the patient.

This coverage will be subject to the same annual Deductible and coinsurance provisions that currently apply to Mastectomy coverage, and will be provided in consultation with you and your attending Physician;

23. Medical Supplies. Dressings, casts, splints, trusses, braces and other Medically Necessary medical supplies, with the exception of dental braces or corrective shoes, but including syringes for diabetic and allergy Diagnosis, and lancets and chemstrips for diabetics;

24. Newborn Care. Hospital and Physician nursery care for Newborns who are natural children of the Employee or spouse and properly enrolled in the Plan, as set forth below. Benefits will be provided under the Child’s coverage, and the Child’s own Deductible and coinsurance provisions will apply;

   i. The initial Newborn examination and a second examination performed prior to discharge from the Hospital; and

32. Pregnancy Expenses. Dependent children are eligible for coverage for any expenses in connection with Pregnancy;

Under the Newborns’ and Mothers’ Health Protection Act of 1996, group health plans and health insurance issuers generally may not restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn Child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother’s or newborn’s attending Provider, after consulting with the mother, from discharging the mother or her newborn earlier than forty-eight (48) hours (or ninety-six (96) hours as applicable). In any case, plans and issuers may not, under Federal law, require that a Provider obtain authorization from the Plan or the issuer for prescribing a length of stay not in excess of forty-eight (48) hours (or ninety-six (96) hours). In no event will an “attending Provider” include a plan, Hospital, managed care organization, or other issuer.

**Services that Require Pre-Certification or Notification**

The following services will require pre-certification (or reimbursement from the Plan may be reduced):

1. Inpatient Hospitalization;
2. Transplant Candidacy Evaluation and Transplant (organ and/or tissue);
3. Home Health Services;
4. Durable Medical Equipment (rental greater than 2 months, or purchase in excess of $2,000 billed per date of service);
5. Skilled Nursing Facility stays;
6. Infusion Services;
7. Prescription Specialty Drugs;
8. Inpatient Hospice; and

Remember that although the Plan will automatically pre-authorize a maternity length of stay that is forty-eight (48) hours or less for a vaginal delivery or ninety-six (96) hours for a cesarean delivery, it is important to have your Physician call to obtain pre-certification in case there is a need to have a longer stay.

**Pre-Certification or Notification Procedures and Contact Information**

The Inpatient Utilization Management Service is simple and easy for Participants to use. Whenever a Participant is advised that Inpatient Hospital care is needed, it is the Participant’s responsibility to call the pre-certification department at its toll free number, which is 1-800-274-7767. The review process will continue, as outlined below, until the Participant is discharged from the Hospital. Pre-certification is not required for Inpatient admission to skilled nursing facilities, convalescent or rehabilitation facilities unless otherwise stated in this document.

**Urgent Care or Emergency Admissions:**

If a Participant needs medical care for a condition which could seriously jeopardize his or her life, obtain such care without delay, and communicate with the Plan as soon as reasonably possible.

If a Participant must be admitted on an Emergency basis, the Participant should follow the Physician’s instructions carefully and contact the pre-certification department as follows:
For Emergency admissions after business hours on Friday, on a weekend or over a holiday weekend, a call to the pre-certification department must be made within seventy-two (72) hours after the admission date, but no later than the first business day following the Emergency admission, by or on behalf of the covered patient; and

For Emergency admissions on a weekday, a call to the pre-certification department must be made within twenty-four (24) hours after the admission date.

The Plan does not require the Participant to obtain approval of a medical service prior to getting treatment for an urgent care or Emergency situation, so there are no “Pre-service Urgent Care Claims” under the Plan. The Participant simply follows the Plan’s procedures with respect to any notice which may be required after receipt of treatment, and files the claim as a Post-service Claim.

Non-Emergency Admissions:

For Inpatient Hospital stays that are scheduled in advance, a call to the pre-certification department should be completed as soon as possible before actual services are rendered. Once the pre-certification call is received, it will be routed to an appropriate review specialist who will create an on-line patient file. The review specialist will contact the Participant’s attending Physician to obtain information and to discuss the specifics of the admission request. A system that features widely accepted clinical review criteria is used to effectively guide the review process. If appropriate, alternative care will be explored with the Physician.

If, after assessing procedure necessity, the need for an Inpatient confinement is confirmed, the review specialist will determine the intensity of management required and will remain in contact with the Physician or Hospital during the confinement.

If, at any time during the review process, Medical Necessity cannot be validated, the review specialist will refer the episode to a board certified Physician advisor who will immediately contact the attending Physician to negotiate an appropriate treatment plan. At the end of the Hospital confinement, the review specialist is also available to assist with discharge planning and will work closely with the attending Physician and Hospital to ensure that medically appropriate arrangements are made.

The pre-certification department hours of operations are 7:30 a.m. to 5:00 p.m. On weekends and evenings, the Participant can call 1-800-274-7767, and leave a message.

Pre-Certification Penalty
The program requires the support and cooperation of each Participant. If a Participant follows the instructions and procedures, he or she will receive the normal Plan benefits for the services. However, if a Participant fails to notify pre-certification department of any Inpatient Hospital stay as required in the section entitled “Pre-Certification or Notification Procedures and Contact Information,” allowed charges will be reduced by 20% for Room and Board, Hospital miscellaneous services, and any other charges related to that confinement which are billed by the Hospital. The Participant will be responsible for payment of the part of the charge that is not paid by the Plan.

Voluntary: Case Management Program
In situations where extensive or ongoing medical care will be needed, the Utilization Management Organization may, with the patient’s and Plan Sponsor’s consent, provide case management services. Such services may include contacts with the patient, his family, the primary treating Physician, other caregivers, care consultants and the hospital staff as necessary.

Case Management will:

1. Evaluate and summarize the patient’s continuing medical needs;
2. Assess the quality of current treatments;
3. Coordinate alternative care when appropriate and approved by the Physician and Plan Sponsor;
4. Review the progress of alternative treatment after implementation; and
5. Make appropriate recommendations to the Plan Sponsor.

The Plan Sponsor expressly reserves the right to make modifications to Plan benefits on a case-by-case basis to assure that appropriate and cost-effective care can be obtained in accordance with these services.

**Important:** Case Management is a voluntary service. There are no reductions of benefits or penalties if the patient and family choose not to participate. Also, each treatment plan is individually tailored to a specific patient and should not be seen as appropriate or recommended for any other patient, even one with the same Diagnosis.

**Delta TeamCare Population Health Management Program**

Delta’s Population Health Management program can help a Plan participant manage a specific chronic condition through a free, voluntary and confidential program. The program provides a specially trained Disease Management Nurse, via telephone, to assist an enrollee in gaining greater confidence in management of their condition. Disease Management targets:

1. Asthma, chronic obstructive pulmonary disease (COPD), coronary artery disease (CAD), diabetes, hypertension, congestive heart failure, high cholesterol, stroke and chronic low back pain; and
2. Persons with a chronic condition (as identified through an analysis of health care claims, self-referral or a Physician’s recommendation) will be invited to participate in the program.

A Population Health Management Nurse will be assigned to assess the current situation, answer questions, educate the patient about self-care techniques and assist with lifestyle changes for maximum health and quality of life. On-going telephone counseling and educational materials will increase the patient’s understanding of his condition and help him become better at using self-care and improve his overall health. Population Health Management supplements, but does not replace, a person’s Physician’s care and advice.

The Medically Necessary setting and level of service is that setting and level of service which, considering the Participant’s medical symptoms and conditions, cannot be provided in a less intensive medical setting. Such services, to be considered Medically Necessary must be no more costly than alternative interventions, including no intervention and are at least as likely to produce equivalent therapeutic or

1. It must not be maintenance therapy or maintenance treatment;
2. Its purpose must be to restore health;
3. It must not be primarily custodial in nature;
4. It must not be a listed item or treatment not allowed for reimbursement by CMS (Medicare); and
5. The Plan reserves the right to incorporate CMS (Medicare) guidelines in effect on the date of treatment as additional criteria for determination of Medical Necessity and/or an Allowable Expense.

For Hospital stays, this means that acute care as an Inpatient is necessary due to the kind of services the Participant is receiving or the severity of the Participant’s condition and that safe and adequate care cannot be received as an outpatient or in a less intensified medical setting. The mere fact that the service is furnished, prescribed or approved by a Physician does not mean that it is “Medically Necessary.” In addition, the fact that certain services are excluded from coverage under this Plan because they are not “Medically Necessary” does not mean that any other services are deemed to be “Medically Necessary.”

To be Medically Necessary, all of these criteria must be met. Merely because a Physician or Dentist recommends, approves, or orders certain care does not mean that it is Medically Necessary. The determination of whether a service, supply, or treatment is or is not Medically Necessary may include findings of the American Medical Association and the Plan Administrator’s own medical advisors. The Plan Administrator has the discretionary authority to decide whether care or treatment is Medically Necessary.

“Reasonable” and/or “Reasonableness” shall mean in the administrator’s discretion, services or supplies, or fees for services or supplies which are necessary for the care and treatment of Illness or Injury not caused by the treating Provider. Determination that fee(s) or services are Reasonable will be made by the Plan Administrator, taking into consideration unusual circumstances or complications requiring additional time, skill and experience in connection with a particular service or supply; industry standards and practices as they relate to similar scenarios; and the cause of Injury or Illness necessitating the service(s) and/or charge(s).
This determination will consider, but will not be limited to, the findings and assessments of the following entities: (a) The National Medical Associations, Societies, and organizations; and (b) The Food and Drug Administration. To be Reasonable, service(s) and/or fee(s) must be in compliance with generally accepted billing practices for unbundling or multiple procedures. Services, supplies, care and/or treatment that results from errors in medical care that are clearly identifiable, preventable, and serious in their consequence for patients, are not Reasonable. The Plan Administrator retains discretionary authority to determine whether service(s) and/or fee(s) are Reasonable based upon information presented to the Plan Administrator. A finding of Provider negligence and/or malpractice is not required for service(s) and/or fee(s) to be considered not Reasonable.

Charge(s) and/or services are not considered to be Reasonable, and as such are not eligible for payment (exceed the Maximum Allowable Charge), when they result from Provider error(s) and/or facility-acquired conditions deemed “reasonably preventable” through the use of evidence-based guidelines, taking into consideration but not limited to CMS guidelines.

The Plan Administrator will determine the usual charge for any procedure, service, or supply, and whether a specific procedure, service or supply is customary.

COORDINATION OF BENEFITS

Benefits Subject to This Provision
This provision shall apply to all benefits provided under any section of this Plan.

Excess Insurance
If at the time of Injury, Sickness, Disease or disability there is available, or potentially available any Coverage (including but not limited to Coverage resulting from a judgment at law or settlements), the benefits under this Plan shall apply only as an excess over such other sources of Coverage.

The Plan’s benefits will be excess to, whenever possible:

1. Any primary payer besides the Plan;
2. Any first party insurance through medical payment coverage, personal Injury protection, no-fault coverage, uninsured or underinsured motorist coverage;
3. Any policy of insurance from any insurance company or guarantor of a third party;
4. Workers’ compensation or other liability insurance company; or
5. Any other source, including but not limited to crime victim restitution funds, any medical, disability or other benefit payments, and school insurance coverage.

Vehicle Limitation
When medical payments are available under any vehicle insurance, the Plan shall pay excess benefits only, without reimbursement for vehicle plan and/or policy Deductibles. This Plan shall always be considered secondary to such plans and/or policies. This applies to all forms of medical payments under vehicle plans and/or policies regardless of its name, title or classification.

Allowable Expenses
“Allowable Expenses” shall mean the Usual and Customary charge for any Medically Necessary, Reasonable, and eligible item of expense, at least a portion of which is covered under a plan. When some Other Plan pays first in accordance with the Application to Benefit Determinations Section, this Plan’s Allowable Expenses shall in no event exceed the Other Plan’s Allowable Expenses. When some Other Plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered, in the amount that would be payable in accordance with the terms of the Plan, shall be deemed to be the benefit. Benefits payable under any Other Plan include the benefits that would have been payable had claim been duly made therefore.

“Claim Determination Period”
“Claim Determination Period” shall mean each Calendar Year.

Effect on Benefits
Application to Benefit Determinations
The plan that pays first according to the rules in the section entitled “Order of Benefit Determination” will pay as if there were no Other Plan involved. The secondary and subsequent plans will pay the balance due up to one hundred percent (100%) of the total Allowable Expenses. When there is a conflict in the rules, this Plan will never pay more than fifty percent (50%) of Allowable Expenses when paying secondary. Benefits will be coordinated on the basis of a Claim Determination Period.

When medical payments are available under automobile insurance, this Plan will pay excess benefits only, without reimbursement for automobile plan Deductibles. This Plan will always be considered the secondary carrier regardless of the individual’s election under personal Injury protection (PIP) coverage with the automobile insurance carrier.

In certain instances, the benefits of the Other Plan will be ignored for the purposes of determining the benefits under this Plan. This is the case when:
1. The Other Plan would, according to its rules, determine its benefits after the benefits of this Plan have been determined; and
2. The rules in the section entitled “Order of Benefit Determination” would require this Plan to determine its benefits before the Other Plan.

**Order of Benefit Determination**

For the purposes of the section entitled “Application to Benefit Determinations,” the rules establishing the order of benefit determination are:

1. A plan without a coordinating provision will always be the primary plan;
2. The benefits of a plan which covers the person on whose expenses claim is based, other than as a Dependent, shall be determined before the benefits of a plan which covers such person as a Dependent;
3. If the person for whom claim is made is a Dependent Child covered under both parents’ plans, the plan covering the parent whose birthday (month and day of birth, not year) falls earlier in the year will be primary, except:
   a. When the parents are separated or divorced, and the parent with the custody of the Child has not remarried, the benefits of a plan which covers the Child as a Dependent of the parent with custody will be determined before the benefits of a plan which covers the Child as a Dependent of the parent without custody; or
   b. When the parents are divorced and the parent with custody of the Child has remarried, the benefits of a plan which covers the Child as a Dependent of the parent with custody shall be determined before the benefits of a plan which covers that Child as a Dependent of the stepparent, and the benefits of a plan which covers that Child as a Dependent of the stepparent will be determined before the benefits of a plan which covers that Child as a Dependent of the parent without custody.

Notwithstanding the above, if there is a court decree which would otherwise establish financial responsibility for the Child’s health care expenses, the benefits of the plan which covers the Child as a Dependent of the parent with such financial responsibility shall be determined before the benefits of any Other Plan which covers the Child as a Dependent Child; and

4. When the rules above do not establish an order of benefit determination, the benefits of a plan which has covered the person on whose expenses claim is based for the longer period of time shall be determined before the benefits of a plan which has covered such person the shorter period of time.

**Right to Receive and Release Necessary Information**

For the purpose of determining the applicability of and implementing the terms of this provision or any provision of similar purpose of any Other Plan, this Plan may, without the consent of or notice to any person, release to or obtain from any insurance company, or other organization or individual, any information with respect to any person, which the Plan deems to be necessary for such purposes. Any person claiming benefits under this Plan shall furnish to the Plan such information as may be necessary to implement this provision.

**Facility of Payment**

Whenever payments which should have been made under this Plan in accordance with this provision have been made under any Other Plans, the Plan Administrator may, in its sole discretion, pay any organizations making such other payments any amounts it shall determine to be warranted in order to satisfy the intent of this provision, and amounts so paid shall be deemed to be benefits paid under this Plan and, to the extent of such payments, this Plan shall be fully discharged from liability.

**Right of Recovery**

In accordance with section the Recovery of Payments provision, whenever payments have been made by this Plan with respect to Allowable Expenses in a total amount, at any time, in excess of the Maximum
Amount of payment necessary at that time to satisfy the intent of this Article, the Plan shall have the right to recover such payments, to the extent of such excess, from any one or more of the following as this Plan shall determine: any person to or with respect to whom such payments were made, or such person's legal representative, any insurance companies, or any other individuals or organizations which the Plan determines are responsible for payment of such Allowable Expenses, and any future benefits payable to the Participant or his or her Dependents. Please see the Recovery of Payments provision above for more details.
MEDICARE

Applicable to Active Employees and Their Spouses Ages 65 and Over
An active Employee and his or her spouse (ages sixty-five (65) and over) may, at the option of such Employee, elect or reject coverage under this Plan. If such Employee elects coverage under this Plan, the benefits of this Plan shall be determined before any benefits provided by Medicare. If coverage under this Plan is rejected by such Employee, benefits listed herein will not be payable even as secondary coverage to Medicare.

Applicable to All Other Participants Eligible for Medicare Benefits
To the extent required by Federal regulations, this Plan will pay before any Medicare benefits. There are some circumstances under which Medicare would be required to pay its benefits first. In these cases, benefits under this Plan would be calculated as secondary payor (as described under the Article entitled “Coordination of Benefits”). The Participant will be assumed to have full Medicare coverage (that is, both Part A & B) whether or not the Participant has enrolled for the full coverage. If the Provider accepts assignment with Medicare, Covered Expenses will not exceed the Medicare approved expenses.

Applicable to Medicare Services Furnished to End Stage Renal Disease (“ESRD”) Participants Who Are Covered Under This Plan
If any Participant is eligible for Medicare benefits because of ESRD, the benefits of the Plan will be determined before Medicare benefits for the first eighteen (18) months of Medicare entitlement (with respect to charges Incurred on or after February 1, 1991 and before August 5, 1997), and for the first thirty (30) months of Medicare entitlement (with respect to charges Incurred on or after August 5, 1997), unless applicable Federal law provides to the contrary, in which event the benefits of the Plan will be determined in accordance with such law.
THIRD PARTY RECOVERY, SUBROGATION AND REIMBURSEMENT

Payment Condition

1. The Plan, in its sole discretion, may elect to conditionally advance payment of benefits in those situations where an Injury, Sickness, Disease or disability is caused in whole or in part by, or results from the acts or omissions of Participants, and/or their Dependents, beneficiaries, estate, heirs, guardian, personal representative, or assigns (collectively referred to hereinafter in this section as “Participant(s)”) or a third party, where any party besides the Plan may be responsible for expenses arising from an incident, and/or other funds are available, including but not limited to no-fault, uninsured motorist, underinsured motorist, medical payment provisions, third party assets, third party insurance, and/or guarantor(s) of a third party (collectively “Coverage”).

2. Participant(s), his or her attorney, and/or legal guardian of a minor or incapacitated individual agrees that acceptance of the Plan’s conditional payment of medical benefits is constructive notice of these provisions in their entirety and agrees to maintain one hundred percent (100%) of the Plan’s conditional payment of benefits or the full extent of payment from any one or combination of first and third party sources in trust, without disruption except for reimbursement to the Plan or the Plan’s assignee. By accepting benefits the Participant(s) agrees the Plan shall have an equitable lien on any funds received by the Participant(s) and/or their attorney from any source and said funds shall be held in trust until such time as the obligations under this provision are fully satisfied. The Participant(s) agrees to include the Plan’s name as a co-payee on any and all settlement drafts.

3. In the event a Participant(s) settles, recovers, or is reimbursed by any Coverage, the Participant(s) agrees to reimburse the Plan for all benefits paid or that will be paid by the Plan on behalf of the Participant(s). If the Participant(s) fails to reimburse the Plan out of any judgment or settlement received, the Participant(s) will be responsible for any and all expenses (fees and costs) associated with the Plan’s attempt to recover such money.

4. If there is more than one party responsible for charges paid by the Plan, or may be responsible for charges paid by the Plan, the Plan will not be required to select a particular party from whom reimbursement is due. Furthermore, unallocated settlement funds meant to compensate multiple injured parties of which the Participant(s) is/are only one or a few, that unallocated settlement fund is considered designated as an “identifiable” fund from which the plan may seek reimbursement.

Subrogation

1. As a condition to participating in and receiving benefits under this Plan, the Participant(s) agrees to assign to the Plan the right to subrogate and pursue any and all claims, causes of action or rights that may arise against any person, corporation and/or entity and to any Coverage to which the Participant(s) is entitled, regardless of how classified or characterized, at the Plan’s discretion.

2. If a Participant(s) receives or becomes entitled to receive benefits, an automatic equitable lien attaches in favor of the Plan to any claim, which any Participant(s) may have against any Coverage and/or party causing the Sickness or Injury to the extent of such conditional payment by the Plan plus reasonable costs of collection.

3. The Plan may, at its discretion, in its own name or in the name of the Participant(s) commence a proceeding or pursue a claim against any party or Coverage for the recovery of all damages to the full extent of the value of any such benefits or conditional payments advanced by the Plan.

4. If the Participant(s) fails to file a claim or pursue damages against:
   a. The responsible party, its insurer, or any other source on behalf of that party;
b. Any first party insurance through medical payment coverage, personal injury protection, no-fault coverage, uninsured or underinsured motorist coverage;

c. Any policy of insurance from any insurance company or guarantor of a third party;

d. Workers’ compensation or other liability insurance company; or

e. Any other source, including but not limited to crime victim restitution funds, any medical, disability or other benefit payments, and school insurance coverage;

the Participant(s) authorizes the Plan to pursue, sue, compromise and/or settle any such claims in the Participant(s)’ and/or the Plan’s name and agrees to fully cooperate with the Plan in the prosecution of any such claims. The Participant(s) assigns all rights to the Plan or its assignee to pursue a claim and the recovery of all expenses from any and all sources listed above.

Right of Reimbursement

1. The Plan shall be entitled to recover one hundred percent (100%) of the benefits paid, without deduction for attorneys’ fees and costs or application of the common fund doctrine, make whole doctrine, or any other similar legal theory, without regard to whether the Participant(s) is fully compensated by his/her recovery from all sources. The Plan shall have an equitable lien which supersedes all common law or statutory rules, doctrines, and laws of any State prohibiting assignment of rights which interferes with or compromises in any way the Plan’s equitable lien and right to reimbursement. The obligation to reimburse the Plan in full exists regardless of how the judgment or settlement is classified and whether or not the judgment or settlement specifically designates the recovery or a portion of it as including medical, disability, or other expenses. If the Participant(s)’ recovery is less than the benefits paid, then the Plan is entitled to be paid all of the recovery achieved.

2. No court costs, experts’ fees, attorneys’ fees, filing fees, or other costs or expenses of litigation may be deducted from the Plan’s recovery without the prior, expressed written consent of the Plan.

3. The Plan’s right of subrogation and reimbursement will not be reduced or affected as a result of any fault or claim on the part of the Participant(s), whether under the doctrines of causation, comparative fault or contributory negligence, or other similar doctrine in law. Accordingly, any lien reduction statutes, which attempt to apply such laws and reduce a subrogating Plan’s recovery will not be applicable to the Plan and will not reduce the Plan’s reimbursement rights.

4. These rights of subrogation and reimbursement shall apply without regard to whether any separate written acknowledgment of these rights is required by the Plan and signed by the Participant(s).

5. This provision shall not limit any other remedies of the Plan provided by law. These rights of subrogation and reimbursement shall apply without regard to the location of the event that led to or caused the applicable Sickness, Injury, Disease or disability.

Excess Insurance

If at the time of Injury, Sickness, Disease or disability there is available, or potentially available any Coverage (including but not limited to Coverage resulting from a judgment at law or settlements), the benefits under this Plan shall apply only as an excess over such other sources of Coverage, except as otherwise provided for under the Plan’s Coordination of Benefits section.

The Plan’s benefits shall be excess to:

1. The responsible party, its insurer, or any other source on behalf of that party;

2. Any first party insurance through medical payment coverage, personal injury protection, no-fault coverage, uninsured or underinsured motorist coverage;

3. Any policy of insurance from any insurance company or guarantor of a third party;
4. Workers’ compensation or other liability insurance company; or
5. Any other source, including but not limited to crime victim restitution funds, any medical, disability or other benefit payments, and school insurance coverage.

Separation of Funds
Benefits paid by the Plan, funds recovered by the Participant(s), and funds held in trust over which the Plan has an equitable lien exist separately from the property and estate of the Participant(s), such that the death of the Participant(s), or filing of bankruptcy by the Participant(s), will not affect the Plan’s equitable lien, the funds over which the Plan has a lien, or the Plan’s right to subrogation and reimbursement.

Wrongful Death
In the event that the Participant(s) dies as a result of his or her injuries and a wrongful death or survivor claim is asserted against a third party or any Coverage, the Plan’s subrogation and reimbursement rights shall still apply, and the entity pursuing said claim shall honor and enforce these Plan rights and terms by which benefits are paid on behalf of the Participant(s) and all others that benefit from such payment.

Obligations
1. It is the Participant(s)’ obligation at all times, both prior to and after payment of medical benefits by the Plan:
   a. To cooperate with the Plan, or any representatives of the Plan, in protecting its rights, including discovery, attending depositions, and/or cooperating in trial to preserve the Plan’s rights;
   b. To provide the Plan with pertinent information regarding the Sickness, Disease, disability, or Injury, including accident reports, settlement information and any other requested additional information;
   c. To take such action and execute such documents as the Plan may require to facilitate enforcement of its subrogation and reimbursement rights;
   d. To do nothing to prejudice the Plan’s rights of subrogation and reimbursement;
   e. To promptly reimburse the Plan when a recovery through settlement, judgment, award or other payment is received; and
   f. To not settle or release, without the prior consent of the Plan, any claim to the extent that the Participant may have against any responsible party or Coverage.

2. If the Participant(s) and/or his or her attorney fails to reimburse the Plan for all benefits paid or to be paid, as a result of said Injury or condition, out of any proceeds, judgment or settlement received, the Participant(s) will be responsible for any and all expenses (whether fees or costs) associated with the Plan’s attempt to recover such money from the Participant(s).

3. The Plan’s rights to reimbursement and/or subrogation are in no way dependent upon the Participant(s)’ cooperation or adherence to these terms.

Offset
Failure by the Participant(s) and/or his or her attorney to comply with any of these requirements may, at the Plan’s discretion, result in a forfeiture of payment by the Plan of medical benefits and any funds or payments due under this Plan on behalf of the Participant(s) may be withheld until the Participant(s) satisfies his or her obligation.

Minor Status
1. In the event the Participant(s) is a minor as that term is defined by applicable law, the minor’s parents or court-appointed guardian shall cooperate in any and all actions by the Plan to seek and obtain requisite court approval to bind the minor and his or her estate insofar as these subrogation and reimbursement provisions are concerned.
2. If the minor’s parents or court-appointed guardian fail to take such action, the Plan shall have no obligation to advance payment of medical benefits on behalf of the minor. Any court costs or legal fees associated with obtaining such approval shall be paid by the minor’s parents or court-appointed guardian.

Language Interpretation
The Plan Administrator retains sole, full and final discretionary authority to construe and interpret the language of this provision, to determine all questions of fact and law arising under this provision, and to administer the Plan’s subrogation and reimbursement rights. The Plan Administrator may amend the Plan at any time without notice.

Severability
In the event that any section of this provision is considered invalid or illegal for any reason, said invalidity or illegality shall not affect the remaining sections of this provision and Plan. The section shall be fully severable. The Plan shall be construed and enforced as if such invalid or illegal sections had never been inserted in the Plan.
PLAN ADMINISTRATION

The Plan is administered by the Plan Administrator. The Plan Administrator has retained the services of the Contract Administrator to provide certain claims processing and other technical services. Subject to the claims processing and other technical services delegated to the Contract Administrator, the Plan Administrator reserves the unilateral right and power to administer and to interpret, construe and construct the terms and provisions of the Plan, including without limitation, correcting any error or defect, supplying any omission, reconciling any inconsistency and making factual determinations.

Plan Administrator

The Plan is administered by the Plan Administrator within the purview of ERISA, and in accordance with these provisions. An individual or entity may be appointed by the Plan Sponsor to be Plan Administrator and serve at the convenience of the Plan Sponsor. If the Plan Administrator resigns, dies, is otherwise unable to perform, is dissolved, or is removed from the position, the Plan Sponsor shall appoint a new Plan Administrator as soon as reasonably possible.

The Plan Administrator shall administer this Plan in accordance with its terms and establish its policies, interpretations, practices, and procedures. It is the express intent of this Plan that the Plan Administrator shall have maximum legal discretionary authority to construe and interpret the terms and provisions of the Plan, to make determinations regarding issues which relate to eligibility for benefits (including the determination of what services, supplies, care and treatments are Experimental), to decide disputes which may arise relative to a Participant's rights, and to decide questions of Plan interpretation and those of fact relating to the Plan. The decisions of the Plan Administrator as to the facts related to any claim for benefits and the meaning and intent of any provision of the Plan, or its application to any claim, shall receive the maximum deference provided by law and will be final and binding on all interested parties. Benefits under this Plan will be paid only if the Plan Administrator decides, in its discretion, that the Participant is entitled to them.

If due to errors in drafting, any Plan provision does not accurately reflect its intended meaning, as demonstrated by prior interpretations or other evidence of intent, or as determined by the Plan Administrator in its sole and exclusive judgment, the provision shall be considered ambiguous and shall be interpreted by the Plan Administrator in a fashion consistent with its intent, as determined by the Plan Administrator. The Plan may be amended retroactively to cure any such ambiguity, notwithstanding anything in the Plan to the contrary.

The foregoing provisions of this Plan may not be invoked by any person to require the Plan to be interpreted in a manner which is inconsistent with its interpretations by the Plan Administrator. All actions taken and all determinations by the Plan Administrator shall be final and binding upon all persons claiming any interest under the Plan subject only to the claims appeal procedures of the Plan.

Duties of the Plan Administrator

The duties of the Plan Administrator include the following:

1. To administer the Plan in accordance with its terms;
2. To determine all questions of eligibility, status and coverage under the Plan;
3. To interpret the Plan, including the authority to construe possible ambiguities, inconsistencies, omissions and disputed terms;
4. To make factual findings;
5. To decide disputes which may arise relative to a Participant's rights and/or availability of benefits;
6. To prescribe procedures for filing a claim for benefits, to review claim denials and appeals relating to them and to uphold or reverse such denials;
7. To keep and maintain the Plan documents and all other records pertaining to the Plan;
8. To appoint and supervise a Contract Administrator to pay claims;
9. To perform all necessary reporting as required by ERISA;
10. To establish and communicate procedures to determine whether a Medical Child Support Order is a QMCSO;
11. To delegate to any person or entity such powers, duties and responsibilities as it deems appropriate; and
12. To perform each and every function necessary for or related to the Plan’s administration.

Amending and Terminating the Plan
The Plan Sponsor expects to maintain this Plan indefinitely; however, as the settlor of the Plan, the Plan Sponsor, through its directors and officers, may, in its sole discretion, at any time, amend, suspend or terminate the Plan in whole or in part. This includes amending the benefits under the Plan or the Trust Agreement (if any).

Any such amendment, suspension or termination shall be enacted, if the Plan Sponsor is a corporation, by resolution of the Plan Sponsor’s directors and officers, which shall be acted upon as provided in the Plan Sponsor’s Articles of Incorporation or Bylaws, as applicable, and in accordance with applicable Federal and State law. Notice shall be provided as required by ERISA. In the event that the Plan Sponsor is a different type of entity, then such amendment, suspension or termination shall be taken and enacted in accordance with applicable Federal and State law and any applicable governing documents. In the event that the Plan Sponsor is a sole proprietorship, then such action shall be taken by the sole proprietor, in his or her own discretion.

If the Plan is terminated, the rights of the Participants are limited to expenses Incurred before termination. All amendments to this Plan shall become effective as of a date established by the Plan Sponsor.

Summary of Material Reduction (SMR)
A Material Reduction generally means any modification that would be considered by the average participant to be an important reduction in covered services or benefits. Examples include reductions in benefits or increases in Deductibles or copayments.

The Plan Administrator shall notify all eligible Employees of any plan amendment considered a Material Reduction in covered services or benefits provided by the Plan as soon as administratively feasible after its adoption, but no later than sixty (60) days after the date of adoption of the reduction. Eligible Employees and beneficiaries must be furnished a summary of such reductions, and any changes so made shall be binding on each Participant. The sixty (60) day period for furnishing a summary of Material Reduction does not apply to any Employee covered by the Plan who would reasonably expect to receive a summary through other means within the next ninety (90) days.

Material Reduction disclosure provisions are subject to the requirements of the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and any related amendments.

Summary of Material Modification (SMM)
A Summary of Material Modifications reports changes in the information provided within the Summary Plan Description. Examples include a change to Deductibles, eligibility or the addition or deletion of coverage.

The Plan Administrator shall notify all covered Employees of any plan amendment considered a Summary of Material Modifications by the Plan as soon as administratively feasible after its adoption, but no later than within two hundred and ten (210) days after the close of the Plan Year in which the changes became effective.

Misuse of Identification Card
If an Employee or covered Dependent permits any person who is not a covered Participant of the family unit to use any identification card issued, the Plan Sponsor may give Employee written notice that his (and his family’s) coverage will be terminated at the end of thirty-one (31) days from the date written notice is given.

Health Claims
All claims and questions regarding health claims should be directed to the Contract Administrator. The Plan Administrator shall be ultimately and finally responsible for adjudicating such claims and for providing full and fair review of the decision on such claims in accordance with the following provisions. Benefits under the Plan will be paid only if the Plan Administrator decides in its discretion that the Participant is entitled to them. The responsibility to process claims in accordance with the Plan Document may be delegated to the Contract Administrator; provided, however, that the Contract Administrator is not a fiduciary of the Plan and does not have the authority to make decisions involving the use of discretion.

Each Participant claiming benefits under the Plan shall be responsible for supplying, at such times and in such manner as the Plan Administrator in its sole discretion may require, written proof that the expenses were Incurred or that the benefit is covered under the Plan. If the Plan Administrator in its sole discretion shall determine that the Participant has not Incurred a Covered Expense or that the benefit is not covered under the Plan, or if the Participant shall fail to furnish such proof as is requested, no benefits shall be payable under the Plan.

A call from a Provider who wants to know if an individual is covered under the Plan, or if a certain procedure is covered by the Plan, prior to providing treatment is not a “claim,” since an actual claim for benefits is not being filed with the Plan. These are simply requests for information, and any response is not a guarantee of benefits, since payment of benefits is subject to all Plan provisions, limitations and exclusions. Once treatment is rendered, a Clean Claim must be filed with the Plan (which will be a “Post service Claim”). At that time, a determination will be made as to what benefits are payable under the Plan.

Benefits will be payable to a Participant, or to a Provider that has accepted an Assignment of Benefits as consideration in full for services rendered.

According to Federal regulations which apply to the Plan, there are four types of claims: Pre-service (Urgent and Non-urgent), Concurrent Care and Post service. However, as noted below, because of this Plan’s design, there are no Pre-service Urgent Care Claims which may be filed with the Plan.

1. Pre-service Claims. A “Pre-service Claim” is a claim for a benefit under the Plan where the Plan conditions receipt of the benefit, in whole or in part, on approval of the benefit in advance of obtaining medical care. However, if the Plan does not require the Participant to obtain approval of a medical service prior to getting treatment, then there is no “Pre-service Claim.” The Participant simply follows the Plan’s procedures with respect to any notice which may be required after receipt of treatment, and files the claim as a Post-service Claim.

A “Pre-service Urgent Care Claim” is any claim for medical care or treatment with respect to which the application of the time periods for making non urgent care determinations could seriously jeopardize the life or health of the Participant or the Participant’s ability to regain maximum function, or, in the opinion of a Physician with knowledge of the Participant’s medical condition, would subject the Participant to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

If a Participant needs medical care for a condition which could seriously jeopardize his or her life, obtain such care without delay, and communicate with the Plan as soon as reasonably possible.

The Plan does not require the Participant to obtain approval of any urgent care or Emergency medical services or admissions prior to getting treatment for an urgent care or Emergency
situation, so there are no “Pre-service Urgent Care Claims” under the Plan. The Participant simply follows the Plan’s procedures with respect to any notice which may be required after receipt of treatment, and files the claim as a Post-service Claim.

Pre-admission certification of a non-Emergency Hospital admission is a “claim” only to the extent of the determination made – that the type of procedure or condition warrants Inpatient confinement for a certain number of days. The rules regarding Pre-service Claims will apply to that determination only. Once a Participant has the treatment in question, the claim for benefits relating to that treatment will be treated as a Post-service Claim.

2. Concurrent Claims. A “Concurrent Claim” arises when the Plan has approved an on-going course of treatment to be provided over a period of time or number of treatments, and either:
   a. The Plan determines that the course of treatment should be reduced or terminated; or
   b. The Participant requests extension of the course of treatment beyond that which the Plan has approved.

If the Plan does not require the Participant to obtain approval of a medical service prior to getting treatment, then there is no need to contact the Plan Administrator to request an extension of a course of treatment. The Participant simply follows the Plan’s procedures with respect to any notice which may be required after receipt of treatment, and files the claim as a Post-service Claim.

3. Post-service Claims. A “Post-service Claim” is a claim for a benefit under the Plan after the services have been rendered.

When Claims Must Be Filed
Post-service health claims must be filed with the Contract Administrator within three hundred and sixty-five (365) days of the date charges for the service were Incurred. Benefits are based upon the Plan’s provisions at the time the charges were Incurred. Claims filed later than that date shall be denied.

A pre-service claim (including a concurrent claim that also is a pre-service claim) is considered to be filed when the request for approval of treatment or services is made and received by the Contract Administrator in accordance with the Plan’s procedures.

Upon receipt of the required information, the claim will be deemed to be filed with the Plan. The Contract Administrator will determine if enough information has been submitted to enable proper consideration of the claim. If not, more information may be requested as provided herein. This additional information must be received by the Contract Administrator within forty-five (45) days from receipt by the Participant of the request for additional information. Failure to do so may result in claims being declined or reduced.

Timing of Claim Decisions
The Plan Administrator shall notify the Participant, in accordance with the provisions set forth below, of any Adverse Benefit Determination (and, in the case of pre-service claims and concurrent claims, of decisions that a claim is payable in full) within the following timeframes:

1. Pre-service Urgent Care Claims:
   a. If the Participant has provided all of the necessary information, as soon as possible, taking into account the medical exigencies, but not later than seventy-two (72) hours after receipt of the claim.
   b. If the Participant has not provided all of the information needed to process the claim, then the Participant will be notified as to what specific information is needed as soon as possible, but not later than seventy-two (72) hours after receipt of the claim.
c. The Participant will be notified of a determination of benefits as soon as possible, but not later than seventy-two (72) hours, taking into account the medical exigencies, after the earliest of:
   i. The Plan’s receipt of the specified information; or
   ii. The end of the period afforded the Participant to provide the information.

d. If there is an Adverse Benefit Determination, a request for an expedited appeal may be submitted orally or in writing by the Participant. All necessary information, including the Plan’s benefit determination on review, may be transmitted between the Plan and the Participant by telephone, facsimile, or other similarly expeditious method. Alternatively, the Participant may request an expedited review under the external review process.

2. **Pre-service Non-urgent Care Claims**:

   a. If the Participant has provided all of the information needed to process the claim, in a reasonable period of time appropriate to the medical circumstances, but not later than fifteen (15) days after receipt of the claim, unless an extension has been requested, then prior to the end of the fifteen (15) day extension period.

   b. If the Participant has not provided all of the information needed to process the claim, then the Participant will be notified as to what specific information is needed as soon as possible, but not later than five (5) days after receipt of the claim. The Participant will be notified of a determination of benefits in a reasonable period of time appropriate to the medical circumstances, either prior to the end of the extension period (if additional information was requested during the initial processing period), or by the date agreed to by the Plan Administrator and the Participant (if additional information was requested during the extension period).

3. **Concurrent Claims**:

   a. **Plan Notice of Reduction or Termination.** If the Plan Administrator is notifying the Participant of a reduction or termination of a course of treatment (other than by Plan amendment or termination), before the end of such period of time or number of treatments. The Participant will be notified sufficiently in advance of the reduction or termination to allow the Participant to appeal and obtain a determination on review of that Adverse Benefit Determination before the benefit is reduced or terminated. This rule does not apply if benefits are reduced or eliminated due to plan amendment or termination. A similar process applies for claims based on a rescission of coverage for fraud or misrepresentation.

   b. **Request by Participant Involving Urgent Care.** If the Plan Administrator receives a request from a Participant to extend the course of treatment beyond the period of time or number of treatments that is a claim involving urgent care, as soon as possible, taking into account the medical exigencies, but not later than seventy-two (72) hours after receipt of the claim, as long as the Participant makes the request at least seventy-two (72) hours prior to the expiration of the prescribed period of time or number of treatments. If the Participant submits the request with less than twenty-four (24) hours prior to the expiration of the prescribed period of time or number of treatments, the request will be treated as a claim involving urgent care and decided within the urgent care timeframe.

   c. **Request by Participant Involving Non-urgent Care.** If the Plan Administrator receives a request from the Participant to extend the course of treatment beyond the period of time or number of treatments that is a claim not involving urgent care, the request will be treated as a new benefit claim and decided within the timeframe appropriate to the type of claim (either as a pre-service non-urgent claim or a post-service claim).

   d. **Request by Participant Involving Rescission.** With respect to rescissions, the following timetable applies:

      i. Notification to Participant thirty (30) days
ii. Notification of Adverse Benefit Determination on appeal thirty (30) days

4. Post-service Claims:

   a. If the Participant has provided all of the information needed to process the claim, in a
      reasonable period of time, but not later than thirty (30) days after receipt of the claim,
      unless an extension has been requested, then prior to the end of the fifteen (15) day
      extension period.
   b. If the Participant has not provided all of the information needed to process the claim and
      additional information is requested during the initial processing period, then the
      Participant will be notified of a determination of benefits prior to the end of the extension
      period, unless additional information is requested during the extension period, then the
      Participant will be notified of the determination by a date agreed to by the Plan
      Administrator and the Participant.

   i. Extensions – Pre-service Urgent Care Claims. No extensions are available in
      connection with Pre-service urgent care claims.
   ii. Extensions – Pre-service Non-urgent Care Claims. This period may be extended
      by the Plan for up to fifteen (15) days, provided that the Plan Administrator both
      determines that such an extension is necessary due to matters beyond the
      control of the Plan and notifies the Participant, prior to the expiration of the initial
      fifteen (15) day processing period, of the circumstances requiring the extension
      of time and the date by which the Plan expects to render a decision.
   iii. Extensions – Post-service Claims. This period may be extended by the Plan for
      up to fifteen (15) days, provided that the Plan Administrator both determines that
      such an extension is necessary due to matters beyond the control of the Plan
      and notifies the Participant, prior to the expiration of the initial thirty (30) day
      processing period, of the circumstances requiring the extension of time and the
      date by which the Plan expects to render a decision.

5. Calculating Time Periods. The period of time within which a benefit determination is required to
   be made shall begin at the time a claim is deemed to be filed in accordance with the procedures
   of the Plan.

Notification of an Adverse Benefit Determination
The Plan Administrator shall provide a Participant with a notice, either in writing or electronically (or, in the
case of pre-service urgent care claims, by telephone, facsimile or similar method, with written or
electronic notice following within three (3) days), containing the following information:

1. Information sufficient to allow the Participant to identify the claim involved (including date of
   service, the healthcare Provider, the claim amount, if applicable, and a statement describing the
   availability, upon request, of the Diagnosis code and its corresponding meaning, and the
   treatment code and its corresponding meaning);
2. A reference to the specific portion(s) of the Plan Document upon which a denial is based;
3. Specific reason(s) for a denial, including the denial code and its corresponding meaning, and a
   description of the Plan’s standard, if any, that was used in denying the claim;
4. A description of any additional information necessary for the Participant to perfect the claim and
   an explanation of why such information is necessary;
5. A description of the Plan’s review procedures and the time limits applicable to the procedures;
6. A statement that the Participant is entitled to receive, upon request and free of charge, reasonable
   access to, and copies of, all documents, records and other information relevant to the
   Participant’s claim for benefits;
7. The identity of any medical or vocational experts consulted in connection with a claim, even if the
   Plan did not rely upon their advice (or a statement that the identity of the expert will be provided,
   upon request);
8. Any rule, guideline, protocol or similar criterion that was relied upon in making the determination (or a statement that it was relied upon and that a copy will be provided to the Participant, free of charge, upon request);

9. In the case of denials based upon a medical judgment (such as whether the treatment is Medically Necessary or Experimental), either an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the Participant’s medical circumstances, or a statement that such explanation will be provided to the Participant, free of charge, upon request and

10. In a claim involving urgent care, a description of the Plan’s expedited review process.

Appeal of Adverse Benefit Determinations

Full and Fair Review of All Claims

In cases where a claim for benefits is denied, in whole or in part, and the Participant believes the claim has been denied wrongly, the Participant may appeal the denial and review pertinent documents. The claims procedures of this Plan provide a Participant with a reasonable opportunity for a full and fair review of a claim and Adverse Benefit Determination. More specifically, the Plan provides:

1. Participants at least one hundred and eighty (180) days following receipt of a notification of an initial Adverse Benefit Determination within which to appeal the determination;

2. Participants the opportunity to submit written comments, documents, records, and other information relating to the claim for benefits;

3. Participants the opportunity to review the Claim file and to present evidence and testimony as part of the internal claims and appeals process.

4. For a review that does not afford deference to the previous Adverse Benefit Determination and that is conducted by an appropriate named fiduciary of the Plan, who shall be neither the individual who made the Adverse Benefit Determination that is the subject of the appeal, nor the subordinate of such individual;

5. For a review that takes into account all comments, documents, records, and other information submitted by the Participant relating to the claim, without regard to whether such information was submitted or considered in the prior benefit determination;

6. That, in deciding an appeal of any Adverse Benefit Determination that is based in whole or in part upon a medical judgment, the Plan fiduciary shall consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment, who is neither an individual who was consulted in connection with the Adverse Benefit Determination that is the subject of the appeal, nor the subordinate of any such individual;

7. For the identification of medical or vocational experts whose advice was obtained on behalf of the Plan in connection with a claim, even if the Plan did not rely upon their advice

8. That a Participant will be provided, free of charge: (a) reasonable access to, and copies of, all documents, records, and other information relevant to the Participant’s claim in possession of the Plan Administrator or Contract Administrator; (b) information regarding any voluntary appeals procedures offered by the Plan; (c) information regarding the Participant’s right to an external review process; (d) any internal rule, guideline, protocol or other similar criterion relied upon, considered or generated in making the adverse determination; and (e) an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the Participant’s medical circumstances; and

9. That a Participant will be provided, free of charge, and sufficiently in advance of the date that the notice of Final Internal Adverse Benefit Determination is required, with new or additional evidence considered, relied upon, or generated by the Plan in connection with the Claim, as well as any new or additional rationale for a denial at the internal appeals stage, and a reasonable opportunity for the Participant to respond to such new evidence or rationale.

Requirements for Appeal

The Participant must file the appeal in writing (although oral appeals are permitted for pre service urgent care claims) within one hundred and eighty (180) days following receipt of the notice of an Adverse
Benefit Determination. For pre-service urgent care claims, if the Participant chooses to orally appeal, the Participant may telephone:

**Delta Health Systems**  
3244 Brookside Road, suite 200  
Stockton, CA 95219  
Phone: 1-800-422-6099  
Fax: 209-474-5407

To file an appeal in writing, the Participant’s appeal must be addressed as follows and mailed or faxed as follows:

**Delta Health Systems**  
3244 Brookside Road, suite 200  
Stockton, CA 95219  
Phone: 1-800-422-6099  
Fax: 209-474-5407

It shall be the responsibility of the Participant to submit proof that the claim for benefits is covered and payable under the provisions of the Plan. Any appeal must include:

1. The name of the Employee/Participant;  
2. The Employee/Participant’s social security number;  
3. The group name or identification number;  
4. All facts and theories supporting the claim for benefits. Failure to include any theories or facts in the appeal will result in their being deemed waived. In other words, the Participant will lose the right to raise factual arguments and theories which support this claim if the Participant fails to include them in the appeal;  
5. A statement in clear and concise terms of the reason or reasons for disagreement with the handling of the claim; and  
6. Any material or information that the Participant has which indicates that the Participant is entitled to benefits under the Plan.

If the Participant provides all of the required information, it may be that the expenses will be eligible for payment under the Plan.

**Timing of Notification of Benefit Determination on Review**  
The Plan Administrator shall notify the Participant of the Plan’s benefit determination on review within the following timeframes:

1. **Pre-service Urgent Care Claims:** As soon as possible, taking into account the medical exigencies, but not later than seventy-two (72) hours after receipt of the appeal.  
2. **Pre-service Non-urgent Care Claims:** Within a reasonable period of time appropriate to the medical circumstances, but not later than thirty (30) days after receipt of the appeal.  
3. **Concurrent Claims:** The response will be made in the appropriate time period based upon the type of claim: Pre-service Urgent, Pre-service Non-urgent or Post-service.  
4. **Post-service Claims:** Within a reasonable period of time, but not later than sixty (60) days after receipt of the appeal.

**Calculating Time Periods.** The period of time within which the Plan’s determination is required to be made shall begin at the time an appeal is filed in accordance with the procedures of this Plan, without regard to whether all information necessary to make the determination accompanies the filing.
Manner and Content of Notification of Adverse Benefit Determination on Review
The Plan Administrator shall provide a Participant with notification, with respect to pre-service urgent care claims, by telephone, facsimile or similar method, and with respect to all other types of claims, in writing or electronically, of a Plan’s Adverse Benefit Determination on review, setting forth:

1. Information sufficient to allow the Participant to identify the claim involved (including date of service, the healthcare Provider, the claim amount, if applicable, and a statement describing the availability, upon request, of the Diagnosis code and its corresponding meaning, and the treatment code and its corresponding meaning);
2. A reference to the specific portion(s) of the plan provisions upon which a denial is based;
3. Specific reason(s) for a denial, including the denial code and its corresponding meaning, and a description of the Plan’s standard, if any, that was used in denying the claim, and a discussion of the decision;
4. A description of any additional information necessary for the Participant to perfect the claim and an explanation of why such information is necessary;
5. A description of available internal appeals and external review processes, including information regarding how to initiate an appeal;
6. A description of the Plan’s review procedures and the time limits applicable to the procedures;
7. A statement that the Participant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the Participant’s claim for benefits;
8. The identity of any medical or vocational experts consulted in connection with a claim, even if the Plan did not rely upon their advice (or a statement that the identity of the expert will be provided, upon request);
9. Any rule, guideline, protocol or similar criterion that was relied upon, considered, or generated in making the determination will be provided free of charge. If this is not practical, a statement will be included that such a rule, guideline, protocol or similar criterion was relied upon in making the determination and a copy will be provided to the Participant, free of charge, upon request;
10. In the case of denials based upon a medical judgment (such as whether the treatment is Medically Necessary or Experimental), either an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the Participant’s medical circumstances, will be provided. If this is not practical, a statement will be included that such explanation will be provided to the Participant, free of charge, upon request; and
11. The following statement: “You and your Plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact your local U.S. Department of Labor Office and your state insurance regulatory agency.”

Furnishing Documents in the Event of an Adverse Determination
In the case of an Adverse Benefit Determination on review, the Plan Administrator shall provide such access to, and copies of, documents, records, and other information described in the section relating to “Manner and Content of Notification of Adverse Benefit Determination on Review” as appropriate.

Decision on Review
If, for any reason, the Participant does not receive a written response to the appeal within the appropriate time period set forth above, the Participant may assume that the appeal has been denied. The decision by the Plan Administrator or other appropriate named fiduciary of the Plan on review will be final, binding and conclusive and will be afforded the maximum deference permitted by law. All claim review procedures provided for in the Plan must be exhausted before any legal action is brought.

External Review Process
The Federal external review process does not apply to a denial, reduction, termination, or a failure to provide payment for a benefit based on a determination that a participant or beneficiary fails to meet the requirements for eligibility under the terms of a group health plan.

The Federal external review process applies only to:
1. An Adverse Benefit Determination (including a Final Internal Adverse Benefit Determination) by a plan or issuer that involves medical judgment (including, but not limited to, those based on the plan's or issuer's requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit; or its determination that a treatment is Experimental or Investigational), as determined by the external reviewer; and
2. A rescission of coverage (whether or not the rescission has any effect on any particular benefit at that time).

Standard external review

Standard external review is external review that is not considered expedited (as described in the “expedited external review” paragraph in this section).

1. Request for external review. The Plan will allow a claimant to file a request for an external review with the Plan if the request is filed within four (4) months after the date of receipt of a notice of an Adverse Benefit Determination or Final Internal Adverse Benefit Determination. If there is no corresponding date four months after the date of receipt of such a notice, then the request must be filed by the first day of the fifth month following the receipt of the notice. For example, if the date of receipt of the notice is October 30, because there is no February 30, the request must be filed by March 1. If the last filing date would fall on a Saturday, Sunday, or Federal holiday, the last filing date is extended to the next day that is not a Saturday, Sunday, or Federal holiday.

2. Preliminary review. Within five (5) business days following the date of receipt of the external review request, the Plan will complete a preliminary review of the request to determine whether:

   a. The claimant is or was covered under the Plan at the time the health care item or service was requested or, in the case of a retrospective review, was covered under the Plan at the time the health care item or service was provided;
   b. The Adverse Benefit Determination or the final Adverse Benefit Determination does not relate to the claimant’s failure to meet the requirements for eligibility under the terms of the Plan (e.g., worker classification or similar determination);
   c. The claimant has exhausted the Plan’s internal appeal process unless the claimant is not required to exhaust the internal appeals process under the interim final regulations;
   d. The claimant has provided all the information and forms required to process an external review. Within one (1) business day after completion of the preliminary review, the Plan will issue a notification in writing to the claimant. If the request is complete but not eligible for external review, such notification will include the reasons for its ineligibility and contact information for the Employee Benefits Security Administration (toll-free number 866-444-EBSA (3272)). If the request is not complete, such notification will describe the information or materials needed to make the request complete and the Plan will allow a claimant to perfect the request for external review with the four-month filing period or within the 48 hour period following the receipt of the notification, whichever is later.

3. Referral to Independent Review Organization. The Plan will assign an independent review organization (IRO) that is accredited by URAC or by a similar nationally-recognized accrediting organization to conduct the external review. Moreover, the Plan will take action against bias and to ensure independence. Accordingly, the Plan will contract with (or direct the Claims Processor to contract with, on its behalf) at least three (3) IROs for assignments under the Plan and rotate claims assignments among them (or incorporate other independent unbiased method for selection of IROs, such as random selection). In addition, the IRO may not be eligible for any financial incentives based on the likelihood that the IRO will support the denial of benefits.

4. Reversal of Plan’s decision. Upon receipt of a notice of a final external review decision reversing the Adverse Benefit Determination or Final Internal Adverse Benefit Determination, the Plan will provide coverage or payment for the claim without delay, regardless of whether the plan intends
to seek judicial review of the external review decision and unless or until there is a judicial decision otherwise.

**Expedited external review**

1. **Request for expedited external review.** The Plan will allow a claimant to make a request for an expedited external review with the Plan at the time the claimant receives:

   a. An Adverse Benefit Determination if the Adverse Benefit Determination involves a medical condition of the claimant for which the timeframe for completion of a standard internal appeal under the interim final regulations would seriously jeopardize the life or health of the claimant or would jeopardize the claimant's ability to regain maximum function and the claimant has filed a request for an expedited internal appeal; or

   b. A Final Internal Adverse Benefit Determination, if the claimant has a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the claimant or would jeopardize the claimant's ability to regain maximum function, or if the Final Internal Adverse Benefit Determination concerns an admission, availability of care, continued stay, or health care item or service for which the claimant received Emergency Services, but has not been discharged from a facility.

2. **Preliminary review.** Immediately upon receipt of the request for expedited external review, the Plan will determine whether the request meets the reviewability requirements set forth above for standard external review. The Plan will immediately send a notice that meets the requirements set forth above for standard external review to the claimant of its eligibility determination.

3. **Referral to Independent Review Organization.** Upon a determination that a request is eligible for external review following the preliminary review, the Plan will assign an IRO pursuant to the requirements set forth above for standard review. The Plan will provide or transmit all necessary documents and information considered in making the Adverse Benefit Determination or Final Internal Adverse Benefit Determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method. The assigned IRO, to the extent the information or documents are available and the IRO considers them appropriate, will consider the information or documents described above under the procedures for standard review. In reaching a decision, the assigned IRO will review the claim de novo and is not bound by any decisions or conclusions reached during the Plan's internal claims and appeals process.

4. **Notice of final external review decision.** The Plan’s (or Claim Processor’s) contract with the assigned IRO will require the IRO to provide notice of the final external review decision, in accordance with the requirements set forth above, as expeditiously as the claimant's medical condition or circumstances require, but in no event more than seventy-two (72) hours after the IRO receives the request for an expedited external review. If the notice is not in writing, within forty-eight (48) hours after the date of providing that notice, the assigned IRO will provide written confirmation of the decision to the claimant and the Plan.

**Appointment of Authorized Representative**

A Participant is permitted to appoint an authorized representative to act on his or her behalf with respect to a benefit claim or appeal of a denial. An Assignment of Benefits by a Participant to a Provider will not constitute appointment of that Provider as an authorized representative. To appoint such a representative, the Participant must complete a form which can be obtained from the Plan Administrator or the Contract Administrator. However, in connection with a claim involving Urgent Care, the Plan will permit a health care professional with knowledge of the Participant's medical condition to act as the Participant's authorized representative without completion of this form. In the event a Participant designates an authorized representative, all future communications from the Plan will be with the representative, rather than the Participant, unless the Participant directs the Plan Administrator, in writing, to the contrary.
Physical Examinations
The Plan reserves the right to have a Physician of its own choosing examine any Participant whose condition, Sickness or Injury is the basis of a claim. All such examinations shall be at the expense of the Plan. This right may be exercised when and as often as the Plan may reasonably require during the pendency of a claim. The Participant must comply with this requirement as a necessary condition to coverage.

Autopsy
The Plan reserves the right to have an autopsy performed upon any deceased Participant whose condition, Sickness, or Injury is the basis of a claim. This right may be exercised only where not prohibited by law.

Payment of Benefits
All benefits under this Plan are payable, in U.S. Dollars, to the covered Employee whose Sickness or Injury, or whose covered Dependent's Sickness or Injury, is the basis of a claim. In the event of the death or incapacity of a covered Employee and in the absence of written evidence to this Plan of the qualification of a guardian for his or her estate, this Plan may, in its sole discretion, make any and all such payments to the individual or Institution which, in the opinion of this Plan, is or was providing the care and support of such Employee.

Assignments
Benefits for medical expenses covered under this Plan may be assigned by a Participant to the Provider as consideration in full for services rendered; however, if those benefits are paid directly to the Employee, the Plan shall be deemed to have fulfilled its obligations with respect to such benefits. The Plan will not be responsible for determining whether any such assignment is valid. Payment of benefits which have been assigned will be made directly to the assignee unless a written request not to honor the assignment, signed by the covered Employee and the assignee, has been received before the proof of loss is submitted.

No Participant shall at any time, either during the time in which he or she is a Participant in the Plan, or following his or her termination as a Participant, in any manner, have any right to assign his or her right to sue to recover benefits under the Plan, to enforce rights due under the Plan or to any other causes of action which he or she may have against the Plan or its fiduciaries.

A Provider which accepts an Assignment of Benefits, in accordance with this Plan as consideration in full for services rendered, is bound by the rules and provisions set forth within the terms of this document.

Benefits due to any Network Provider will be considered "assigned" to such Provider and will be paid directly to such Provider, whether or not a written Assignment of Benefits was executed. Notwithstanding any assignment or non-Assignment of Benefits to the contrary, upon payment of the benefits due under the Plan, the Plan is deemed to have fulfilled its obligations with respect to such benefits, whether or not payment is made in accordance with any assignment or request.

Non U.S. Providers
Medical expenses for care, supplies, or services which are rendered by a Provider whose principal place of business or address for payment is located outside the United States (a "Non U.S. Provider") are payable under the Plan, subject to all Plan exclusions, limitations, maximums and other provisions, under the following conditions:

1. Benefits may not be assigned to a Non U.S. Provider;
2. The Participant is responsible for making all payments to Non U.S. Providers, and submitting receipts to the Plan for reimbursement;
3. Benefit payments will be determined by the Plan based upon the exchange rate in effect on the Incurred Date;
4. The Non U.S. Provider shall be subject to, and in compliance with, all U.S. and other applicable licensing requirements; and
5. Claims for benefits must be submitted to the Plan in English.

**Recovery of Payments**

Occasionally, benefits are paid more than once, are paid based upon improper billing or a misstatement in a proof of loss or enrollment information, are not paid according to the Plan’s terms, conditions, limitations or exclusions, or should otherwise not have been paid by the Plan. As such this Plan may pay benefits that are later found to be greater than the Maximum Allowable Charge. In this case, this Plan may recover the amount of the overpayment from the source to which it was paid, primary payers, or from the party on whose behalf the charge(s) were paid. As such, whenever the Plan pays benefits exceeding the amount of benefits payable under the terms of the Plan, the Plan Administrator has the right to recover any such erroneous payment directly from the person or entity who received such payment and/or from other payers and/or the Participant or Dependent on whose behalf such payment was made.

A Participant, Dependent, Provider, another benefit plan, insurer, or any other person or entity who receives a payment exceeding the amount of benefits payable under the terms of the Plan on whose behalf such payment was made, shall return or refund the amount of such erroneous payment to the Plan within thirty (30) days of discovery or demand. The Plan Administrator shall have no obligation to secure payment for the expense for which the erroneous payment was made or to which it was applied.

The person or entity receiving an erroneous payment may not apply such payment to another expense. The Plan Administrator shall have the sole discretion to choose who will repay the Plan for an erroneous payment and whether such payment shall be reimbursed in a lump sum. When a Participant or other entity does not comply with the provisions of this section, the Plan Administrator shall have the authority, in its sole discretion, to deny payment of any claims for benefits by the Participant and to deny or reduce future benefits payable (including payment of future benefits for other injuries or Illnesses) under the Plan by the amount due as reimbursement to the Plan. The Plan Administrator may also, in its sole discretion, deny or reduce future benefits (including future benefits for other injuries or Illnesses) under any other group benefits plan maintained by the Plan Sponsor. The reductions will equal the amount of the required reimbursement.

Providers and any other person or entity accepting payment from the Plan or to whom a right to benefits has been assigned, in consideration of services rendered, payments and/or rights, agrees to be bound by the terms of this Plan and agree to submit claims for reimbursement in strict accordance with their State’s health care practice acts, ICD-9 or CPT standards, Medicare guidelines, HCPCS standards, or other standards approved by the Plan Administrator or insurer. Any payments made on claims for reimbursement not in accordance with the above provisions shall be repaid to the Plan within thirty (30) days of discovery or demand or incur prejudgment interest of 1.5% per month. If the Plan must bring an action against a Participant, Provider or other person or entity to enforce the provisions of this section, then that Participant, Provider or other person or entity agrees to pay the Plan's attorneys' fees and costs, regardless of the action’s outcome.

Further, Participants and/or their Dependents, beneficiaries, estate, heirs, guardian, personal representative, or assigns (Participants) shall assign or be deemed to have assigned to the Plan their right to recover said payments made by the Plan, from any other party and/or recovery for which the Participant(s) are entitled, for or in relation to facility-acquired condition(s), Provider error(s), or damages arising from another party’s act or omission for which the Plan has not already been refunded.

The Plan reserves the right to deduct from any benefits properly payable under this Plan the amount of any payment which has been made:

1. In error;
2. Pursuant to a misstatement contained in a proof of loss or a fraudulent act;
3. Pursuant to a misstatement made to obtain coverage under this Plan within two years after the date such coverage commences;
4. With respect to an ineligible person;
5. In anticipation of obtaining a recovery if a Participant fails to comply with the Plan’s Third Party Recovery, Subrogation and Reimbursement provisions; or
6. Pursuant to a claim for which benefits are recoverable under any policy or act of law providing for coverage for occupational Injury or Disease to the extent that such benefits are recovered. This provision (6) shall not be deemed to require the Plan to pay benefits under this Plan in any such instance.

The deduction may be made against any claim for benefits under this Plan by a Participant or by any of his covered Dependents if such payment is made with respect to the Participant or any person covered or asserting coverage as a Dependent of the Participant.

If the Plan seeks to recoup funds from a Provider, due to a claim being made in error, a claim being fraudulent on the part of the Provider, and/or the claim that is the result of the Provider’s misstatement, said Provider shall, as part of its assignment to benefits from the Plan, abstain from billing the Participant for any outstanding amount(s).

**Medicaid Coverage**
A Participant’s eligibility for any State Medicaid benefits will not be taken into account in determining or making any payments for benefits to or on behalf of such Participant. Any such benefit payments will be subject to the State’s right to reimbursement for benefits it has paid on behalf of the Participant, as required by the State Medicaid program; and the Plan will honor any Subrogation rights the State may have with respect to benefits which are payable under the Plan.
TERMINATION OF COVERAGE

Termination Dates of Individual Coverage
The coverage of any Employee for himself or herself under this Plan will terminate on the earliest to occur of the following dates:

1. The last day of the month following termination of the Plan;
2. The last day of the month in, or with respect to which, he or she requests that such coverage be terminated, provided such request is made on or before such date;
3. The last day of the month for which the Employee has made a contribution, in the event of his or her failure to make, when due, any contribution for coverage for himself or herself to which he or she has agreed in writing;
4. The last day of the month in which he or she ceases to be eligible for such coverage under the Plan;
5. The last day of the month in which the termination of employment occurs; or
6. The last day of the month in which an Employee or his or her Dependent submits, or has knowledge of the submission of, a fraudulent claim or any fraudulent information to the Plan, including enrollment information.

The coverage of any Retiree who is covered under the Plan will terminate on the earliest to occur of the following dates:

1. The date of termination of the Plan;
2. The date of death of the covered Retiree;
3. The date of the expiration of the last period for which the Retiree has made a contribution, in the event of his or her failure to make, when due, any contribution for coverage for himself or herself to which he or she has agreed in writing; or
4. The date the covered Retiree becomes eligible for Medicare coverage or becomes eligible for coverage under another Employer's health plan.

Termination Dates of Dependent Coverage
The coverage for any Dependents of any Employee who are covered under the Plan will terminate on the earliest to occur of the following dates:

1. The date of termination of the Plan;

5. In the case of a Child age twenty-six (26) or older for whom coverage is being continued due to mental or physical inability to earn his or her own living, the earliest to occur of:
   a. Cessation of such inability;
   b. Failure to furnish any required proof of the uninterrupted continuance of such inability or to submit to any required examination; or
   c. Upon the Child’s no longer being dependent on the Employee for his or her support;
6. The day immediately preceding the date such person ceases to be a Dependent, as defined herein, except as may be provided for in other areas of this section; or
7. Immediately after an Employee or his or her Dependent submits, or has knowledge of the submission of, a fraudulent claim or any fraudulent information to the Plan, including enrollment information.
Certificates of Coverage
The Plan generally will automatically provide a Certificate of Coverage to anyone who loses coverage in the Plan. In addition, a Certificate of Coverage will be provided upon request, at any time while the individual is covered under a plan and up to 24 months after the individual loses coverage under the Plan.

The Plan will make reasonable efforts to collect information applicable to any Dependents and to include that information on the Certificate of Coverage, but the Plan will not issue an automatic Certificate of Coverage for Dependents until the Plan has reason to know that a Dependent is or has been covered under the Plan.

Retirees & Surviving Spouses

Retirees
An Employee who retires from active service from a participating entity may elect to have continued coverage under the Plan’s Comprehensive Option or Basic Option. Extended coverage may also include the retiring Employee’s spouse and children who meet the Dependent eligibility criteria.

An eligible retired Employee (or the spouse of such a retiree) includes a person age 65 or older who is enrolled in or eligible for Medicare coverage. Plan benefits will be determined as though the retiree (or the retiree’s spouse) were enrolled for all Medicare coverages for which the person is eligible.

Election for continued coverage must be made within thirty-one (31) days of Employee’s loss of coverage as an active Employee. Except as required by law, if a retiree does not make a timely election he may be denied further opportunity to do so.

Cost of Coverage
A retiree will be required to contribute to the Plan at rates determined by the Plan Sponsor. Such rates may be subject to change.

Contributions must be kept current in order for coverage to remain in effect. The requirements for timely payment are the same as those applied to COBRA participants.
CONTINUATION OF COVERAGE

Employer Continuation Coverage

Continuation During Family and Medical Leave Act (FMLA) Leave
Regardless of the established leave policies mentioned, the Plan shall at all times comply with FMLA. During any leave taken under FMLA, the Employee will maintain coverage under this Plan on the same conditions as coverage would have been provided if the covered Employee had been continuously employed during the entire leave period.

Family and Medical Leave Act of 1993 (FMLA)
This applies to Employers with fifty (50) or more Employees for at least twenty (20) workweeks in the current or preceding Calendar Year. The following are some definitions identified by the FMLA:

Covered Service Member
“Covered Service Member” shall mean current service members and covered veterans who are undergoing medical treatment, recuperation, or therapy due to a serious Injury or Illness, rather than just current service members. A covered veteran is an individual who was discharged or released under conditions other than dishonorable at any time during the five-year period prior to when the eligible Employee takes FMLA Leave to care for the covered veteran.

Eligible Employee
“Eligible Employee” shall mean an individual who has been employed by Imperial County Schools Voluntary for at least twelve (12) months, has performed at least one thousand two hundred and fifty (1,250) hours of service during the previous twelve (12) month period, and has worked at a location where at least fifty (50) Employees are employed by the Employer within seventy-five (75) miles.

Family Member
“Family Member” shall mean the (a) Employee’s biological, step, or foster parent or (b) a natural, adopted, foster, or stepchild, or a legal ward under eighteen (18) years of age, or eighteen (18) years and older and incapable of self-care because of a mental or physical disability or (c) spouse.

Serious Illness or Injury (of a servicemember of covered veteran)
“Serious Illness or Injury” shall mean an Illness or Injury Incurred in the line of duty that may render the service member medically unfit to perform his or her military duties. A serious Injury or Illness for a current service member includes an Injury or Illness that existed before the beginning of the service member’s active duty and was aggravated by service in the line of duty on active duty in the armed forces. A serious Injury or Illness for a covered veteran means an Injury or Illness that was Incurred or aggravated by the service member in the line of duty on active duty in the armed forces and manifested itself before or after the service member became a veteran.

These definitions are listed as a guide and the actual wording of the FMLA, as amended, shall supersede these definitions.

Basic Leave Entitlement
FMLA requires covered Employers to provide up to twelve (12) weeks of unpaid, job-protected leave to eligible Employees for the following reasons:

1. for incapacity due to Pregnancy, prenatal medical care or Child birth;
2. to care for the Employee’s Child after birth, or placement for adoption or foster care;
3. to care for the Employee’s spouse, son, daughter or parent, who has a serious health condition; or
4. for a serious health condition that makes the Employee unable to perform the Employee’s job.
Military Family Leave Entitlements
Eligible Employees whose spouse, son, daughter or parent is on covered active duty or call to covered active duty status may use their twelve (12) week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

FMLA also includes a special leave entitlement that permits eligible Employees to take up to twenty-six (26) weeks of leave to care for a covered servicemember during a single twelve (12) month period. A covered servicemember is:

(1) a current member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious Injury or Illness*; or (2) a veteran who was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible Employee takes FMLA Leave to care for the covered veteran, and who is undergoing medical treatment, recuperation, or therapy for a serious Injury or Illness.*

*The FMLA definitions of “serious Injury or Illness” for current servicemembers and veterans are distinct from the FMLA definition of “serious health condition”.

Benefits and Protections
During FMLA Leave, the Employer must maintain the Employee’s health coverage under any “group health plan” on the same terms as if the Employee had continued to work. Upon return from FMLA Leave, most Employees must be restored to their original or equivalent positions with equivalent pay, benefits, and other employment terms.

Use of FMLA Leave cannot result in the loss of any employment benefit that accrued prior to the start of an Employee’s leave.

Eligibility Requirements
Employees are eligible if they have worked for a covered Employer for at least twelve (12) months, have one thousand two hundred and fifty (1,250) hours of service in the previous twelve (12) months*, and if at least fifty (50) Employees are employed by the Employer within seventy-five (75) miles.

*Special hours of service eligibility requirements apply to airline flight crew Employees.

Definition of Serious Health Condition
A serious health condition is an Illness, Injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care Provider for a condition that either prevents the Employee from performing the functions of the Employee’s job, or prevents the qualified family member from participating in school or other daily activities.

Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than three (3) consecutive calendar days combined with at least two (2) visits to a health care Provider or one (1) visit and a regimen of continuing treatment, or incapacity due to Pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

Use of Leave
An Employee does not need to use this leave entitlement in one block. Leave can be taken intermittently or on a reduced leave schedule when Medically Necessary. Employees must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the Employer’s operations. Leave due to qualifying exigencies may also be taken on an intermittent basis.
Substitution of Paid Leave for Unpaid Leave
Employees may choose or Employers may require use of accrued paid leave while taking FMLA Leave. In order to use paid leave for FMLA Leave, Employees must comply with the Employer’s normal paid leave policies.

Employee Responsibilities
Employees must provide thirty (30) days advance notice of the need to take FMLA Leave when the need is foreseeable. When thirty (30) days notice is not possible, the Employee must provide notice as soon as practicable and generally must comply with an Employer’s normal call-in procedures.

Employees must provide sufficient information for the Employer to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Sufficient information may include that the Employee is unable to perform job functions, the family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a health care Provider, or circumstances supporting the need for military family leave. Employees also must inform the Employer if the requested leave is for a reason for which FMLA Leave was previously taken or certified. Employees also may be required to provide a certification and periodic recertification supporting the need for leave.

Employer Responsibilities
Covered Employers must inform Employees requesting leave whether they are eligible under FMLA. If they are, the notice must specify any additional information required as well as the Employees’ rights and responsibilities. If they are not eligible, the Employer must provide a reason for the ineligibility.

Covered Employers must inform Employees if leave will be designated as FMLA-protected and the amount of leave counted against the Employee’s leave entitlement. If the Employer determines that the leave is not FMLA-protected, the Employer must notify the Employee.

Unlawful Acts by Employers
FMLA makes it unlawful for any Employer to:

1. Interfere with, restrain, or deny the exercise of any right provided under FMLA; and
2. Discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

Enforcement
An Employee may file a complaint with the U.S. Department of Labor or may bring a private lawsuit against an Employer.

FMLA does not affect any Federal or State law prohibiting discrimination, or supersedes any State or local law or collective bargaining agreement which provides greater family or medical leave rights.

FMLA section 109 (29 U.S.C. § 2619) requires FMLA covered Employers to post the text of this notice. Regulation 29 C.F.R. § 825.300(a) may require additional disclosures.

Continuation During USERRA
Participants who are absent from employment because they are in the Uniformed Services may elect to continue their coverage under this Plan for up to twenty-four (24) months. To continue coverage, Participants must comply with the terms of the Plan, including election during the Plan’s annual enrollment period, and pay their contributions, if any. In addition, USERRA also requires that, regardless
of whether a Participant elected to continue his or her coverage under the Plan, his or her coverage and his or her Dependents’ coverage be reinstated immediately upon his or her return to employment, so long as he or she meets certain requirements contained in USERRA. Participants should contact their participating Employer for information concerning their eligibility for USERRA and any requirements of the Plan.

Continuation During COBRA – Introduction
The right to this form of continued coverage was created by a Federal law, under the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended (“COBRA”). COBRA Continuation Coverage can become available to Participants when they otherwise would lose their group health coverage. It also can become available to other members of the Participants family who are covered under the Plan when they otherwise would lose their group health coverage. The entire cost (plus a reasonable administration fee) must be paid by the person. Coverage will end in certain instances, including if the Participant or their covered Dependents fail to make timely payment of contributions or premiums. Participants should check with their Employer to see if COBRA applies to them and/or their covered Dependents.

COBRA Continuation Coverage
“COBRA Continuation Coverage” is a continuation of Plan coverage when coverage otherwise would end because of a life event known as a “Qualifying Event.” Life insurance, accidental death and dismemberment benefits and weekly income or long term disability benefits (if a part of the Employer’s plan) are not considered for continuation under COBRA.

Qualifying Events
Specific Qualifying Events are listed below. After a Qualifying Event, COBRA Continuation Coverage must be offered to each person who is a “Qualified Participant.” The Employee, the Employee’s spouse, and the Employee’s Dependent children could become Qualified Participants if coverage under the Plan is lost because of the Qualifying Event.

A covered Employee (meaning an Employee covered under the Plan) will become a Qualified Participant if he or she loses his or her coverage under the Plan because either one of the following Qualifying Events happens:

1. The hours of employment are reduced; or
2. The employment ends for any reason other than gross misconduct.

The spouse of a covered Employee will become a Qualified Participant if he or she loses his or her coverage under the Plan because any of the following Qualifying Events happens:

1. The spouse dies;
2. The spouse’s hours of employment are reduced;
3. The spouse’s employment ends for any reason other than his or her gross misconduct;
4. The spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
5. The spouse becomes divorced or legally separated from his or her spouse.

Dependent children will become Qualified Participants if they lose coverage under the Plan because any of the following Qualifying Events happens:

1. The parent-covered Employee dies;
2. The parent-covered Employee’s hours of employment are reduced;
3. The parent-covered Employee’s employment ends for any reason other than his or her gross misconduct;
4. The parent-covered Employee becomes entitled to Medicare benefits (Part A, Part B, or both); or
5. The parents become divorced or legally separated; or
6. The Child stops being eligible for coverage under the Plan as a Dependent Child.
If a proceeding in bankruptcy is filed with respect to Imperial County Schools Voluntary, and that bankruptcy results in the loss of coverage of any retired Employee, spouse, surviving spouse, and Dependent children covered under the Plan, such member will become a Qualified Participant with respect to the bankruptcy.

**Employer Notice of Qualifying Events**
When the Qualifying Event is the end of employment (for reasons other than gross misconduct), reduction of hours of employment, death of the covered Employee, or the covered Employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), the Employer must notify the COBRA Administrator of the Qualifying Event.

**Employee Notice of Qualifying Events**
Each covered Employee or Qualified Participant is responsible for providing the COBRA Administrator with the following notices, in writing, either by U.S. First Class Mail or hand delivery:

1. Notice of the occurrence of a Qualifying Event that is a divorce or legal separation of a covered Employee (or former Employee) from his or her spouse;
2. Notice of the occurrence of a Qualifying Event that is an individual's ceasing to be eligible as a Dependent Child under the terms of the Plan;
3. Notice of the occurrence of a second Qualifying Event after a Qualified Participant has become entitled to COBRA Continuation Coverage with a maximum duration of eighteen (18) (or twenty-nine (29)) months;
4. Notice that a Qualified Participant entitled to receive Continuation Coverage with a maximum duration of eighteen (18) months has been determined by the Social Security Administration ("SSA") to be disabled at any time during the first sixty (60) days of Continuation Coverage; and
5. Notice that a Qualified Participant, with respect to whom a notice described above has been provided, has subsequently been determined by the SSA to no longer be disabled.

The COBRA Administrator is:

Phone: 1-800-594-6957
Fax: 517-279-9420
Email/Website: crmail@infinisource.com (general inquiries) or (electronically) www.infinisource.com

A form of notice is available, free of charge, from the COBRA Administrator and must be used when providing the notice.

**Deadline for providing the notice**
For Qualifying Events described above, the notice must be furnished by the date that is sixty (60) days after the latest of:

1. The date on which the relevant Qualifying Event occurs;
2. The date on which the Qualified Participant loses (or would lose) coverage under the Plan as a result of the Qualifying Event; or
3. The date on which the Qualified Participant is informed, through the furnishing of the Plan’s SPD or the general notice, of both the responsibility to provide the notice and the Plan’s procedures for providing such notice to the COBRA Administrator.

For the disability determination described above, the notice must be furnished by the date that is sixty (60) days after the latest of:

1. The date of the disability determination by the SSA;
2. The date on which a Qualifying Event occurs;
3. The date on which the Qualified Participant loses (or would lose) coverage under the Plan as a result of the Qualifying Event; or
4. The date on which the Qualified Participant is informed, through the furnishing of the Plan’s SPD or the general notice, of both the responsibility to provide the notice and the Plan’s procedures for providing such notice to the COBRA Administrator.

In any event, this notice must be furnished before the end of the first eighteen (18) months of Continuation Coverage.

For a change in disability status described above, the notice must be furnished by the date that is thirty (30) days after the later of:

1. The date of the final determination by the SSA that the Qualified Participant is no longer disabled;
2. The date on which the Qualified Participant is informed, through the furnishing of the Plan’s SPD or the general notice, of both the responsibility to provide the notice and the Plan’s procedures for providing such notice to the COBRA Administrator.

The notice must be postmarked (if mailed), or received by the COBRA Administrator (if hand delivered), by the deadline set forth above. If the notice is late, the opportunity to elect or extend COBRA Continuation Coverage is lost, and if the person is electing COBRA Continuation Coverage, his or her coverage under the Plan will terminate on the last date for which he or she is eligible under the terms of the Plan, or if the person is extending COBRA Continuation Coverage, such Coverage will end on the last day of the initial eighteen (18)-month COBRA coverage period.

**Who Can Provide the Notice**

Any individual who is the covered Employee (or former Employee), a Qualified Participant with respect to the Qualifying Event, or any representative acting on behalf of the covered Employee (or former Employee) or Qualified Participant, may provide the notice, and the provision of notice by one individual shall satisfy any responsibility to provide notice on behalf of all related Qualified Participants with respect to the Qualifying Event.

**Required Contents of the Notice**

The notice must contain the following information:

1. Name and address of the covered Employee or former Employee;
2. Identification of the initial Qualifying Event and its date of occurrence, if the person is already receiving COBRA Continuation Coverage and wishes to extend the maximum coverage period;
3. A description of the Qualifying Event (for example, divorce, legal separation, cessation of Dependent status, entitlement to Medicare by the covered Employee or former Employee, death of the covered Employee or former Employee, disability of a Qualified Participant or loss of disability status);
4. In the case of a Qualifying Event that is divorce or legal separation, name(s) and address(es) of spouse and Dependent child(ren) covered under the Plan, date of divorce or legal separation, and a copy of the decree of divorce or legal separation;
5. In the case of a Qualifying Event that is Medicare entitlement of the covered Employee or former Employee, date of entitlement, and name(s) and address(es) of spouse and Dependent child(ren) covered under the Plan;
6. In the case of a Qualifying Event that is a Dependent Child’s cessation of Dependent status under the Plan, name and address of the Child, reason the Child ceased to be an eligible Dependent (for example, attained limiting age, lost student status or other);
7. In the case of a Qualifying Event that is the death of the covered Employee or former Employee, the date of death, and name(s) and address(es) of spouse and Dependent child(ren) covered under the Plan;
8. In the case of a Qualifying Event that is disability of a Qualified Participant, name and address of the disabled Qualified Participant, name(s) and address(es) of other family members covered under the Plan, the date the disability began, the date of the SSA’s determination, and a copy of the SSA’s determination; 
9. In the case of a Qualifying Event that is loss of disability status, name and address of the Qualified Participant who is no longer disabled, name(s) and address(es) of other family members covered under the Plan, the date the disability ended and the date of the SSA’s determination; and 
10. A certification that the information is true and correct, a signature and date.

If a copy of the decree of divorce or legal separation or the SSA’s determination cannot be provided by the deadline for providing the notice, complete and provide the notice, as instructed, by the deadline and submit the copy of the decree of divorce or legal separation or the SSA’s determination within thirty (30) days after the deadline. The notice will be timely if done so. However, no COBRA Continuation Coverage, or extension of such Coverage, will be available until the copy of the decree of divorce or legal separation or the SSA’s determination is provided.

If the notice does not contain all of the required information, the COBRA Administrator may request additional information. If the individual fails to provide such information within the time period specified by the COBRA Administrator in the request, the COBRA Administrator may reject the notice if it does not contain enough information for the COBRA Administrator to identify the plan, the covered Employee (or former Employee), the Qualified Participants, the Qualifying Event or disability, and the date on which the Qualifying Event, if any, occurred.

**Electing COBRA Continuation Coverage**

Complete instructions on how to elect COBRA Continuation Coverage will be provided by the COBRA Administrator within fourteen (14) days of receiving the notice of the Qualifying Event. The individual then has sixty (60) days in which to elect COBRA Continuation Coverage. The sixty (60) day period is measured from the later of the date coverage terminates and the date of the notice containing the instructions. If COBRA Continuation Coverage is not elected in that 60 day period, then the right to elect it ceases.

Each Qualified Participant will have an independent right to elect COBRA Continuation Coverage. Covered Employees may elect COBRA Continuation Coverage on behalf of their spouses, and parents may elect COBRA Continuation Coverage on behalf of their children.

In the event that the COBRA Administrator determines that the individual is not entitled to COBRA Continuation Coverage, the COBRA Administrator will provide to the individual an explanation as to why he or she is not entitled to COBRA Continuation Coverage.

**Duration of COBRA Continuation Coverage**

COBRA Continuation Coverage will be available up to the maximum time period shown below. Generally, multiple Qualifying Events which may be combined under COBRA will not continue coverage for more than thirty-six (36) months beyond the date of the original Qualifying Event. When the Qualifying Event is “entitlement to Medicare,” the thirty-six (36) month continuation period is measured from the date of the original Qualifying Event. For all other Qualifying Events, the continuation period is measured from the date of the Qualifying Event, not the date of loss of coverage.

When the Qualifying Event is the death of the covered Employee (or former Employee), the covered Employee’s (or former Employee’s) becoming entitled to Medicare benefits (under Part A, Part B, or both), a divorce or legal separation, or a Dependent Child’s losing eligibility as a Dependent Child, COBRA Continuation Coverage lasts for up to a total of thirty-six (36) months.

When the Qualifying Event is the end of employment or reduction of the covered Employee’s hours of employment, and the covered Employee became entitled to Medicare benefits less than eighteen
(18) months before the Qualifying Event, COBRA Continuation Coverage for Qualified Participants other than the covered Employee lasts until thirty-six (36) months after the date of Medicare entitlement. For example, if a covered Employee becomes entitled to Medicare eight months before the date on which his or her employment terminates, COBRA Continuation Coverage for his or her spouse and children can last up to thirty-six (36) months after the date of Medicare entitlement, which is equal to twenty-eight (28) months after the date of the Qualifying Event (thirty-six (36) months minus eight (8) months).

Otherwise, when the Qualifying Event is the end of employment (for reasons other than gross misconduct) or reduction of the covered Employee's hours of employment, COBRA Continuation Coverage generally lasts for only up to a total of eighteen (18) months. There are two (2) ways in which this eighteen (18) month period of COBRA Continuation Coverage can be extended.

Disability Extension of COBRA Continuation Coverage
If an Employee or anyone in an Employee's family covered under the Plan is determined by the SSA to be disabled and the Employee notifies the COBRA Administrator as set forth above, the Employee and his or her entire family may be entitled to receive up to an additional eleven (11) months of COBRA Continuation Coverage, for a total maximum of twenty-nine (29) months. The disability would have to have started at some time before the sixtieth (60th) day of COBRA Continuation Coverage and must last at least until the end of the eighteen (18) month period of COBRA Continuation Coverage. An extra fee will be charged for this extended COBRA Continuation Coverage.

Second Qualifying Event Extension of COBRA Continuation Coverage
If an Employee's family experiences another Qualifying Event while receiving eighteen (18) months of COBRA Continuation Coverage, the spouse and Dependent children in the family can get up to eighteen (18) additional months of COBRA Continuation Coverage, for a maximum of thirty-six (36) months, if notice of the second Qualifying Event properly is given to the Plan as set forth above. This extension may be available to the spouse and any Dependent children receiving COBRA Continuation Coverage if the covered Employee or former Employee dies, becomes entitled to Medicare benefits (under Part A, Part B, or both), or gets divorced or legally separated, or if the Dependent Child stops being eligible under the Plan as a Dependent Child, but only if the event would have caused the spouse or Dependent Child to lose coverage under the Plan had the first Qualifying Event not occurred.

Shorter Duration of COBRA Continuation Coverage
COBRA Continuation Coverage also may end before the end of the maximum period on the earliest of the following dates:

1. The date the Employer ceases to provide a group health plan to any Employee;
2. The date on which coverage ceases by reason of the Qualified Participant's failure to make timely payment of any required contributions or premium;
3. The date that the Qualified Participant first becomes, after the date of election, covered under any other group health plan (as an Employee or otherwise), or entitled to either Medicare Part A or Part B (whichever comes first) (except as stated under COBRA's special bankruptcy rules). However, a Qualified Participant who becomes covered under a group health plan which has a Pre-Existing condition limit must be allowed to continue COBRA Continuation Coverage for the length of a Pre-Existing condition or to the COBRA maximum time period, if less; or
4. The first day of the month that begins more than thirty (30) days after the date of the SSA’s determination that the Qualified Participant is no longer disabled, but in no event before the end of the maximum coverage period that applied without taking into consideration the disability extension.

Contribution and/or Premium Requirements
Once COBRA Continuation Coverage is elected, the individual must pay for the cost of the initial period of coverage within forty-five (45) days. Payments then are due on the first day of each month to continue coverage for that month. If a payment is not received within thirty (30) days of the due date, COBRA Continuation Coverage will be canceled and will not be reinstated.

The Trade Act
Two (2) provisions under the Trade Act (the “Trade Act”) affect the benefits received under COBRA. First, certain eligible individuals who lose their jobs due to international trade agreements may receive a 72.5% tax credit for premiums paid for certain types of health insurance, including COBRA contribution or premiums. Second, eligible individuals under the Trade Act who do not elect COBRA continuation within the election period will be allowed an additional sixty (60) day period to elect COBRA continuation coverage. If the qualified Participant elects continuation during this second election period, the coverage period will run from the beginning date of the second election period. You should consult the COBRA Administrator if you believe the Trade Act applies to you.
MISCELLANEOUS PROVISIONS

Applicable Law
This is a self-funded benefit plan coming within the purview of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the laws of the State of California. The Plan is funded with Employee and/or Employer contributions.

Clerical Error/Delay
Clerical errors made on the records of the Plan and delays in making entries on such records shall not invalidate coverage nor cause coverage to be in force or to continue in force. Rather, the Effective Dates of coverage shall be determined solely in accordance with the provisions of this Plan regardless of whether any contributions with respect to Participants have been made or have failed to be made because of such errors or delays. Upon discovery of any such error or delay, an equitable adjustment of any such contributions will be made.

Conformity With Applicable Laws
This Plan shall be deemed to automatically be amended to conform as required by any applicable law, regulation or the order or judgment of a court of competent jurisdiction governing provisions of this Plan, including, but not limited to, stated maximums, exclusions or limitations. In the event that any law, regulation or the order or judgment of a court of competent jurisdiction causes the Plan Administrator to pay claims which are otherwise limited or excluded under this Plan, such payments will be considered as being in accordance with the terms of this Plan Document. It is intended that the Plan will conform to the requirements of ERISA, as it applies to Employee welfare plans, as well as any other applicable law.

Fraud
The following actions by any Participant, or a Participant’s knowledge of such actions being taken by another, constitute fraud and will result in immediate termination of all coverage under this Plan for the entire Family Unit of which the Participant is a member:

1. Attempting to submit a claim for benefits (which includes attempting to fill a prescription) for a person who is not a Participant of the Plan;
2. Attempting to file a claim for a Participant for services which were not rendered or Drugs or other items which were not provided;
3. Providing false or misleading information in connection with enrollment in the Plan; or
4. Providing any false or misleading information to the Plan.

Headings
The headings used in this Plan Document are used for convenience of reference only. Participants are advised not to rely on any provision because of the heading.

No Waiver or Estoppel
No term, condition or provision of this Plan shall be deemed to have been waived, and there shall be no estoppel against the enforcement of any provision of this Plan, except by written instrument of the party charged with such waiver or estoppel. No such written waiver shall be deemed a continuing waiver unless specifically stated therein, and each such waiver shall operate only as to the specific term or condition waived and shall not constitute a waiver of such term or condition for the future or as to any act other than the one specifically waived.

Plan Contributions
The Plan Administrator shall, from time to time, evaluate the funding method of the Plan and determine the amount to be contributed by the Participating Employer and the amount to be contributed (if any) by each Participant.

The Plan Sponsor shall fund the Plan in a manner consistent with the provisions of the Internal Revenue Code, and such other laws and regulations as shall be applicable to the end that the Plan shall be funded

on a lawful and sound basis; but, to the extent permitted by governing law, the Plan Administrator shall be free to determine the manner and means of funding the Plan.

Notwithstanding any other provision of the Plan, the Plan Administrator's obligation to pay claims otherwise allowable under the terms of the Plan shall be limited to its obligation to make contributions to the Plan as set forth in the preceding paragraph. Payment of said claims in accordance with these procedures shall discharge completely the Company's obligation with respect to such payments.

In the event that the Company terminates the Plan, then as of the effective date of termination, the Employer and eligible Employees shall have no further obligation to make additional contributions to the Plan and the Plan shall have no obligation to pay claims Incurred after the termination date of the Plan.

Right to Receive and Release Information
For the purpose of determining the applicability of and implementing the terms of these benefits, the Plan Administrator may, without the consent of or notice to any person, release or obtain any information necessary to determine the acceptability of any applicant or Participant for benefits from this Plan. In so acting, the Plan Administrator shall be free from any liability that may arise with regard to such action. In accordance with the Recovery of Payments provision, whenever payments have been made by this Plan in a total amount, at any time, in excess of the Maximum Amount of benefits payable under this Plan, the Plan shall have the right to recover such payments, to the extent of such excess, from any one or more of the following as this Plan shall determine: any person to or with respect to whom such payments were made, or such person's legal representative, any insurance companies, or any other individuals or organizations which the Plan determines are responsible for payment of such amount, and any future benefits payable to the Participant or his or her Dependents. See the Recovery of Payments provision for full details.

Statements
All statements made by the Company or by a Participant will, in the absence of fraud, be considered representations and not warranties, and no statements made for the purpose of obtaining benefits under this document will be used in any contest to avoid or reduce the benefits provided by the document unless contained in a written application for benefits and a copy of the instrument containing such representation is or has been furnished to the Participant.

The Participant may be subject to prosecution by the United States Department of Labor. Fraudulently claiming benefits may be punishable by a substantial fine, imprisonment, or both.

Protection Against Creditors
No benefit payment under this Plan shall be subject in any way to alienation, sale, transfer, pledge, attachment, garnishment, execution or encumbrance of any kind, and any attempt to accomplish the same shall be void. If the Plan Administrator shall find that such an attempt has been made with respect to any payment due or to become due to any Participant, the Plan Administrator in its sole discretion may terminate the interest of such Participant or former Participant in such payment. And in such case the Plan Administrator shall apply the amount of such payment to or for the benefit of such Participant or
former Participant, his/her spouse, parent, adult Child, guardian of a minor Child, brother or sister, or other relative of a Dependent of such Participant or former Participant, as the Plan Administrator may determine, and any such application shall be a complete discharge of all liability with respect to such benefit payment. However, at the discretion of the Plan Administrator, benefit payments may be assigned to health care Providers.

Such disclosures shall be made in accordance with the Privacy Standards.

5. Access: The Participant has the right to request the opportunity to look at or get copies of PHI maintained by the Plan about him/her in certain records maintained by the Plan. If the Participant requests copies, he/she may be charged a fee to cover the costs of copying, mailing, and other supplies. To inspect or copy PHI, or to have a copy of your PHI transmitted directly to another designated person, contact the Privacy Compliance Coordinator. A request to transmit PHI directly to another designated person must be in writing, signed by the Participant and the recipient must be clearly identified. The Plan must respond to the Participant’s request within thirty (30) days (in some cases, the Plan can request a thirty (30) day extension). In very limited circumstances, the Plan may deny the Participant’s request. If the Plan denies the request, the Participant may be entitled to a review of that denial;

Submit the request to the Privacy Compliance Coordinator. The Plan may deny the Participant’s request in certain cases, including if it is not in writing or if he/she does not provide a reason for the request; and

7. Fundraising contacts: The Participant has the right to opt out of fundraising contacts.

Questions or Complaints
If the Participant wants more information about the Plan’s privacy practices, has questions or concerns, or believes that the Plan may have violated his/her privacy rights, please contact the Plan using the following information. STANDARDS FOR SECURITY OF INDIVIDUALLY IDENTIFIABLE HEALTH INFORMATION ("SECURITY RULE")

The Security Rule imposes regulations for maintaining the integrity, confidentiality and availability of protected health information that it creates, receives, maintains, or maintains electronically that is kept in electronic format (ePHI) as required under the Health Insurance Portability and Accountability Act (HIPAA).

Definitions

- **Electronic Protected Health Information (ePHI)**, as defined in Section 160.103 of the Security Standards (45 C.F.R. 160.103), means individually identifiable health information transmitted or maintained in any electronic media.
- **Security Incidents**, as defined within Section 164.304 of the Security Standards (45 C.F.R. 164.304), means the attempted or successful unauthorized access, use, disclosure, modification, or destruction of information or interference with systems operation in an information system.

Plan Sponsor Obligations

To enable the Plan Sponsor to receive and use Electronic PHI for Plan Administration Functions (as defined in 45 CFR §164.504(a)), the Plan Sponsor agrees to:

1. Implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of the Electronic PHI that it creates, receives, maintains, or transmits on behalf of the Plan;
2. Ensure that adequate separation between the Plan and the Plan Sponsor, as required in 45 CFR § 164.504(f)(2)(iii), is supported by reasonable and appropriate Security Measures;
3. Ensure that any agent, including a subcontractor, to whom the Plan Sponsor provides Electronic PHI created, received, maintained, or transmitted on behalf of the Plan, agrees to implement reasonable and appropriate administrative, physical, and technical safeguards to protect the confidentiality, integrity, and availability of the Electronic PHI and report to the Plan any security incident of which it becomes aware; and
4. Report to the Plan any security incident of which it becomes aware.

Notification Requirements in the Event of a Breach of Unsecured PHI

The required breach notifications are triggered upon the discovery of a breach of unsecured PHI. A breach is discovered as of the first day the breach is known, or reasonably should have been known.

When a breach of unsecured PHI is discovered, the Plan will:

1. Notify the Participant whose PHI has been, or is reasonably believed to have been, assessed, acquired, used, or disclosed as a result of the breach, in writing, without unreasonable delay and in no case later than sixty (60) calendar days after discovery of the breach. Breach Notification must be provided to individual by:
   a. Written notice by first-class mail to Participant (or next of kin) at last known address or, if specified by Participant, e-mail;
   b. If Plan has insufficient or out-of-date contact information for the Participant, the Participant must be notified by a "substitute form;"
   c. If an urgent notice is required, Plan may contact the Participant by telephone.
   i. The Breach Notification will have the following content:
      1. Brief description of what happened, including date of breach and date discovered;
2. Types of unsecured PHI involved (e.g., name, Social Security number, date of birth, home address, account number);
3. Steps Participant should take to protect from potential harm;
4. What the Plan is doing to investigate the branch, mitigate losses and protect against further breaches;

2. Notify the media if the breach affected more than five hundred (500) residents of a State or jurisdiction. Notice must be provided to prominent media outlets serving the State or jurisdiction without unreasonable delay and in no case later than sixty (60) calendar days after the date the breach was discovered;

3. Notify the HHS Secretary if the breach involves five hundred (500) or more individuals, contemporaneously with the notice to the affected individual and in the manner specified by HHS. If the breach involves less than five hundred (500) individuals, an internal log or other documentation of such breaches must be maintained and annually submitted to HHS within sixty (60) days after the end of each Calendar Year; and

4. When a Business Associate, which provides services for the Plan and comes in contact with PHI in connection with those services discovers a breach has occurred, that Business Associate will notify the Plan without unreasonable delay and in no case later than sixty (60) calendar days after discovery of a breach so that the affected Participants may be notified. To the extent possible, the Business Associate should identify each individual whose unsecured PHI has been, or is reasonably believed to have been, breached.

Any terms not otherwise defined in this section shall have the meanings set forth in the Security Standards.
