

## NURSING

# Take your nursing skills to the next level

Learn the theory and practice of contemporary nursing, including evidence-based practice, quality and patient safety, and leadership. Our programs offer an up-to-date curriculum, with experienced faculty and advisors available to you every step of the way.

### Bachelor of Science in Nursing (BSN)

Our BSN program is for practicing nurses (RNs) who want to earn a bachelor's degree without putting their nursing careers on hold.

**This degree can help prepare you to be a:**  
**Director of nursing / Clinical nursing instructor**

### Master of Science in Nursing (MSN)

Our MSN programs prepare nurses for leadership roles in four concentration areas:

#### • INFORMATICS (MSN)

Learn to use data to inform decision-making and improve patient outcomes. Coursework educationally prepares you to sit for the American Nurses Credentialing Center Informatics Nursing board certification (RN-BC) exam.

**This degree can help prepare you to be a:**  
**Clinical director / Health information management director / Nurse manager**

#### • NURSE EDUCATION (MSN)

Gain the qualifications required to teach in schools, colleges and universities, and hospital settings. Coursework educationally prepares you for the National League for Nursing's (NLN®) Certified Nurse Educator (CNE®) exam.

**This degree can help prepare you to be a:**  
**Nursing instructor / Nursing professor / Nursing faculty**

## Explore the benefits of earning your degree with UOPX

### Tuition Guarantee

You'll pay the same tuition for your program from the first day of school to graduation day.

### Learn from nursing pros

Instructors are recognized clinical practitioners with an average of 25 years of professional experience.

### Transfer-friendly – up to 87 credits

Transfer your Associate Degree in Nursing (ADN) and earn your BSN in approximately 14 months. Students without an ADN, but with an active RN license, can receive a block transfer of 40 credits.

### Accreditation

The Bachelor of Science in Nursing and Master of Science in Nursing programs at University of Phoenix are accredited by the Commission on Collegiate Nursing Education (CCNE)\*.

### Industry Advisory Council

Education never stands still. That's why we have advisory councils made up of leaders in their fields. They meet periodically to review industry needs and trends, providing valuable insights that help us keep our programs relevant.

### Nursing Bridge Program

If you have an active RN license and a bachelor's degree in an unrelated field, our Nursing Bridge Program helps experienced nurses like you earn your MSN degree – saving you time and money. You'll start with three BSN courses and then move into the program specialty that fits your career goals.

*[ Please see reverse side for important information ]*

### • NURSE ADMINISTRATION (MSN)

Learn nursing theory, coaching and mentoring. Coursework educationally prepares you to sit for the ANCC Nurse Executive board certification (NE-BC) exam.

**This degree can help prepare you to be a:**  
**Clinic director / Nursing director / Nurse manager**

### • FAMILY NURSE PRACTITIONER (MSN)\*\*

Take a hands-on role in diagnosing and treating patients. Coursework educationally prepares you to sit for the American Nurses Credentialing Center (ANCC), Family Nurse Practitioner board-certified credential (FNP-BC), and American Association of Nurse Practitioners (AANP) Family Nurse Practitioner-certified credential (FNPC) exams.

**This degree can help prepare you to be a:**  
**Family nurse practitioner / Nurse practitioner / Advanced Practice Registered Nurse**

---

### Doctor of Nursing Practice (DNP)

Enhance your career and advance the discipline of nursing by developing the leadership skills you need to change organizations and communities, and elevate your professional nursing practice. Our DNP offers a distinctive learning model and innovative approach with support, guidance and a manageable course load.

**This degree can help prepare you to be a:**  
**Nursing director / Clinic director / Nurse manager**

---

### Graduate Certificates

#### POST MASTER'S CERTIFICATE IN NURSE ADMINISTRATION

This certificate can be earned in as little as nine months and, upon completion, currently licensed RNs with an MSN or higher will be prepared to play an integral role in the daily operations of a healthcare facility.

#### POST MASTER'S CERTIFICATE IN NURSE EDUCATION

Designed for currently licensed RNs who want to teach, this certificate helps you to pursue a role in nursing education. Nurses with an MSN and designated teaching experience will be educationally prepared to sit for the National League of Nursing (NLN®) Certified Nurse Educator (CNE®) exam.
