# Online Class / Distance Education (DE) Information

## Learn from anywhere... With Distance Education (DE) classes from Imperial Valley College.

Online (Internet) courses are referred to as Distance Education (DE). The various technologies used for delivery of instruction may include some combination of print, voice, video, and data delivered via the Internet. Distance education classes are equivalent to traditional lecture based classes with no distinction made on transcripts to indicate the class was taken via distance education.

### How it works

Students must have reliable access to the Internet to take an online class. Online classes meet on the Internet using a web browser. Features of the web, such as discussion boards, email, computer-based tests, and file uploads/downloads will be used in most classes. Some classes may require face-to-face meetings on campus in order to take tests. Some online classes include video lectures.

Online classes at Imperial Valley College are taught using the Canvas Learning Management System. It is easy-to-use, menu-driven application. Students must be enrolled to access the site.

To access Canvas, visit <https://cas.imperial.edu>.

Please visit the DE Website for more information at [de.imperial.edu](https://de.imperial.edu).

*You will have access to any online course you have registered for on the first day of the semester.*

### Zero-Textbook Cost, Low -Textbook Cost, Embedded Tutor and Support Class Identification

**Zero-Textbook Cost (ZTC)** classes are identified with this ▲ blue triangle next to the specific course listing in the IVC Student Schedules.

Zero-Textbook Cost (ZTC) classes and programs rely on Open Educational Resources (OERs) and other online resources to eliminate textbook costs for students.

**Low -Textbook Cost (LTC)** classes are identified with this ▼ Purple triangle next to the specific course listing in the IVC Student Schedules. Low -Textbook Cost (LTC) classes and programs use textbooks that cost less than \$50.00.

**Embedded Tutor Classes** are identified with a ● green dot next to the specific course listing in the IVC Student Schedules.

The Embedded Tutor Program provides a tutor right in your classroom. The tutor will be with you every step of the way, in and out of the class. You can ask for help in class or attend bi-weekly review sessions with your classmates to review important concepts, sharpen your study skills, or ask questions about assignments. Due to staffing issues the Embedded Tutor Program might not be available for all classes and is subject to change.

**Support Classes** are identified with an ■ orange square next to the specific course listings in the IVC Student Schedule. These courses are designed to be taken together to improve student pass rates; they need to be added or dropped simultaneously.
